LIGHTWEIGHT PREMIUM CLASS

COMFORT - PREMIUM CLASS

LINER-PREMIUM CLASS

Biggest chassis selection in the premium class 3

c-compactline Super-Lightweight 4-9

The lightest motorhome of the 3.5 t premium A-Class, suitable for remote areas thanks to the 15 cm narrower exterior width and compact vehicle lengths

AL-KO

c-tourer Lightweight 10-19

The c-tourer Lightweight models impress with their short vehicle lengths of up to 7 m, their perfect handling and their amazingly light own weight. Thanks to the Carthago lightweight construction technology, they are ideal for certification within the 3.5 t weight class

AL-KO

Mercedes-Benz
AL-KO

c-tourer Comfort 10-19

If certification within the 3.5 t weight class is not essential and comfort is more important than weight, the c-tourer Comfort models offer the right solution

AL-KO

Mercedes-Benz
AL-KO

chic c-line / chic c-line superior / chic c-line XL 20-33

The fascination of the Carthago Liner class: elegance, comfort and extravagance

AL-KO
SA/DA

Mercedes-Benz
AL-KO
SA/DA

chic e-line / chic e-line XL 34-45

The jewel in the crown of the Carthago Liner class: more comfort, more self-sufficiency, more independence

AL-KO
SA/DA

Mercedes-Benz
AL-KO
SA/DA

chic s-plus / chic s-plus XL 46-53

The powerhouse of the Carthago Liner class on the Iveco Daily 5.6 t / 6.7 t with high-traction rear-wheel drive/ dual wheels

5.6 t/6.7 t

liner-for-two new generation 54-63

Round rear lounge seating area with electrically extendible TV lounge and unique 4-room concept

AL-KO
SA/DA

5.6 t/6.7 t

Tips and additional equipment information 64-65

General notes & footnotes 66-67

The biggest chassis selection in the premium class

The choice is yours!

Are you looking for a premium motorhome which is perfect for you? We can provide up to three different base vehicles, depending on the model range and the model: Fiat Ducato, Mercedes-Benz Sprinter with AL-KO low frame Carthago special chassis as a single or twin axle vehicle and the Iveco Daily with the robust ladder-type high frame chassis, rear-wheel drive and dual rear wheels. All three base vehicles

have clearly defined advantages – just pick the chassis which is the most suitable for your practical needs. However, all chassis versions have one thing in common: in conjunction with the Carthago Premium DNA, motorhomes are created which have unique exclusivity and quality, and provide maximum safety. You can count on that!

The lightest motorhome in the A-Class 3.5 t Premium

class: Suitable for remote areas thanks to the 15 cm narrower exterior width and the compact vehicle lengths

The Super Lightweight Premium Class:

- Ready to drive from just 2,845 kg
- Height, practically-orientated payload, also in the 3.5 t weight class
- Further weight reduction of up to 22.5 kg possible with optional 16 inch aluminium wheels and lithium-ion battery

Double floor with huge, heated storage compartment:

- Usable height up to 55.5 cm
- Exterior access via several large hatches. Convenient interior access via the seat bench cover of the L-shaped lounge seating area and the lift-up side seat bench (model-dependent) and large living area floor hatches
- Large, central through-loading space (interior height 22 cm), with extra-low double floor storage compartment (usable height 46 cm), convenient loading also through XL habitation door via a large, self-supporting living area floor hatch
- Entire double floor heated with climate storage function

AL-KO low frame Carthago special light:

- Permissible gross vehicle weight 3.5 t to 4.25 t

Carthago body concept for Liner premium class:

- High-stability chassis connection using frame members (roof-wall / floor-wall)
- Entirely wood-free construction with water-repellent RTM hard foam insulating core
- Interior walls and inside of roof made from aluminium
- Micro-fibre climate-regulating wall covering

Base vehicle**Fiat Ducato with AL-KO low frame Carthago special light**

- Engine: 2.2 l diesel Multijet 3 with Adblue (19 l), 140 HP / 103 kW, 4 cylinders, 350 Nm, Euro 6d Final, 6-speed gearbox, front-wheel drive
- Fuel tank capacity 90 l
- Side wind assistant, cruise control, ABS, ESP, ASR, electric immobiliser, Hillholder, Hill Descent Control, Traction Plus, trailer stability control, collision braking system ⁶⁵⁾
- Driver / passenger airbag ¹¹⁾
- Start / Stop system
- Manual air conditioning system
- Glove compartment
- LED daytime driving lights
- Mud flaps on front and rear axle
- Fix & Go repair kit

Liner premium-class body construction

- 10-year water ingress guarantee
- Wood-free bodywork with GRP roof and floor covering
- Roof/wall connection via curved roof and frame member
- Roof system rails at side with rainwater deflection function
- Side and rear walls with aluminium on the interior and exterior
- RTM hard foam insulating core in roof, floor and side wall
- Floor connected to side wall via aluminium frame member glued over its entire surface and with additional cold stop
- Total wall and roof thickness, 38 mm
- Exterior hatches made from the original side wall material "Carthago Isoplus"
- Internal/external flap seal, outer seal as water spray protection
- Exterior hatches and habitation door with internal hinges
- Fuel tank flap flush-mounted into side wall
- Segmented side skirts made from aluminium profile
- 4-part rear frame with separate rear bumper
- Carthago rear lights with Carthago "C" branding in LEDs
- Seitz S4 habitation window, double frame with insulated glazing and no thermal bridge, insect screen roller blind and pleated blackout blind
- LED exterior light above habitation door with rain deflector
- Electrically extending habitation door entrance step with warning buzzer

Driver's cabin

- Dashboard sloping steeply towards the front (view of road surface after 2.77 m)
- Pleated windscreen blind with insulating honeycomb structure
- Pleated blackout blinds behind rear side windows (operated from the side)
- Front mask in GRP, with double-shell insulation
- Driver's cabin door with security double locking, electric windows, rain gutter
- Soundproofing measures for engine compartment
- Aguti driver and passenger comfort seats with seat belt integration, in same material as living area, padded armrests
- Dashboard with practical sideboard and preparation for integrated reversing camera monitor and drinks bottle holder
- Leather-covered bottom panelling for drop-down bed including sun visors, LED spotlights and storage compartments at the side

Double floor

- Usable height up to 55.5 cm
- Through-loading storage compartment with lighting and heating
- Outside access via several large hatches
- Interior access via the L-shaped lounge seating area with patented fitting, lift-up side seat bench (not model 141 LE) and via the large living area floor hatches in the entrance area
- Central through-loading space (interior height 22 cm) with low double floor storage compartment (usable height 46 cm)

Large scooter garage

- Scooter garage load capacity up to 350 kg
- Large garage door at drivers side, additional door at passengers side
- Garage floor with GRP on top and bottom, anti-slip coating
- With all-round frostproof insulation and heating
- Lashing system via aluminium frame member, including eight lashing eyes

Interior

- epic world of style: brilliant ash furniture decor with overhead cabinet doors in high gloss ivory

Living area

- Inside of walls and roof with microfibre climate-regulating wall covering
- L-shaped lounge seating area with side seat bench (model 141 LE with pull-out side seat)
- Wall cladding behind side seat with leather look (not model 141 LE)
- 360° living room table, rotatable using a foot pedal and movable in two directions
- Swivel-out shoe cabinet with holding system in the plinth of the seat bench, including LED mood lighting
- Seat padding with multilayer premium foam core and back support function
- "Durafix" double connecting technology: Furniture section screwed together and mortised
- Hatch closers with soft closing mechanism
- Curtain system including removable decorative curtain

Kitchen

- Kitchen work surface as visual room divider and additional worktop (not models 141 LE, 143 LE)
- Kitchen worktop surface in scratch-resistant shale decor
- Work surface lit from underneath with LED light strip
- Kitchen units with cutlery drawer
- Separate waste bins in separate hygiene area
- "Easy glide" roller-mounted kitchen drawers, with self and soft closing mechanism
- "Profi Gourmet" 3-ring hob with one-piece glass cover, robust cast iron trivet and easy-clean glass shelf
- Round stainless steel sink embedded in work surface with multifunctional sink cover including wall holder for increasing size of work surface
- Metal version of water fitting at practical pan height
- Slimtower with door opening at both sides, with separate freezer compartment, automatic energy source selection 12 V / 230 V / gas operation
- Mini-Heki skylight

Washroom & changing room

Changing room & room partitioning

- Changing room with lockable washroom door to living area (not model 138 DB)

Combined washroom with separable round shower (Models 138 DB, 143 LE)

- Towel rail above round shower
- Shower head height-adjustable on chrome rail
- Mini-Heki skylight
- Wash stand base unit with toilet roll holder, mirrored storage cabinet

Vario swivelling washroom (model 141 LE)

- Interior swivelling wall with large mirror and washbasin
- "One level" shower access
- Shower head height-adjustable on chrome rail
- Mini-Heki skylight

- Shower area with sectional shower door and as privacy screen at same time when changing room is open
- Wooden toilet lid

Sleeping

Drop-down bed above the driver's cabin area

- Slatted frame and quality mattress
- Extra-low positioning of the bed: Access via side seat
- Sturdy support in sleeping position, bookshelf and LED spotlights
- Dividing curtain between drop-down bed and living area

Fixed beds in rear area

- Two-part heated and ventilated slatted frame
- 7-zone quality cold foam mattress
- Mini-Heki skylight
- Habitation window in rear wall above bed (model 138 DB)

Lengthways single beds

- Raisable head section
- Sleeping area extension between the lengthways single beds
- Wardrobes beneath the beds, lowered into the double floor, with lift function and divided mattress
- All-round overhead storage cabinets

On-board equipment

Water

- Fresh water and waste water tank in heated double floor, cleaning opening via living area floor hatches or scooter garage (depending on model)
- Central water drain in central double floor
- Low-maintenance water pressure pump system

Gas

- Gas bottle compartment in rear area, accessible via separate gas compartment door
- Holds 2 x 11 kg gas bottles
- Gas isolation taps in kitchen area

Electrical system

- Electrical centre in scooter garage including charger, fuses, fuse protection, 16 A automatic charger with automatic shut-off in the event of low voltage
- Heated battery centre, 1 x 80 Ah gel battery, in double floor, access via floor storage compartment, main power switch
- Truma CP+ digital control panel for warm air heating, behind technical panel above habitation door
- 230 V socket in seating area, kitchen, washroom, scooter garage
- 12 V socket in driver's cabin (2 x)
- USB socket in driver's cabin (2 x)

Innovative light concept

- Ceiling canopy with additional LED spotlights and indirect LED lighting
- LED mood light in plinth of seat bench
- Main light and ambient lighting can be switched separately

Heating technology

- Warm air outlets in driver's cabin, dashboard front, door entrances, living area, double floor and scooter garage
- Dashboard with targeted heating with widespread heating effect
- Underfloor heating effect due to heated climate storage double floor

We recommend that you consult your dealer about the price which applies at the point in time when the contract is concluded! ¹⁰⁵⁾

The sophisticated all-rounder

Lightweight models with short vehicle lengths for the requirements of the 3.5 t weight class and comfort models with a gross weight of up to 4.5 t

The Lightweight Premium Class:

- Ready to drive from just 2975 kg
- Height, practically-orientated payload, also in the 3.5 t weight class
- Further weight reduction of up to 22.5 kg possible with optional 16 inch aluminium wheels and lithium-ion battery
- Exterior design with radiator grille with v-face look and horizontal chrome struts

Double floor with huge, heated storage compartment:

- Usable height up to 55.5 cm
- Exterior access via several large hatches. Convenient interior access via the seat bench cover of the L-shaped lounge seating area and the swing-up side seat bench (model-dependent) and large living area floor hatches
- Large, central through-loading space (interior height 22 cm), with extra-low double floor storage compartment (usable height 46 cm), convenient loading also through XL habitation door via a large, self-supporting living area floor hatch
- Entire double floor heated with climate storage function

AL-KO low frame Carthago special:

- Permissible gross vehicle weight 3.5 t to 4.5 t

Carthago body concept for Liner premium class:

- High-stability chassis connection using frame members (roof-wall / floor-wall)
- Entirely wood-free construction with water-repellent RTM hard foam insulating core
- Interior walls and inside of roof made from aluminium
- Micro-fibre climate-regulating wall covering

Base vehicle

- LED daytime driving lights
- Driver/passenger airbag¹¹⁾
- Mud flaps on front and rear axle
- Fix & Go repair kit

Fiat Ducato with AL-KO low frame Carthago special

- Engine: 2.2 l diesel Multijet 3 with Adblue (19 l), 140 HP / 103 kW, 4 cylinders, 350 Nm, Euro 6d Final, 6-speed gearbox, front-wheel drive
- Fuel tank capacity 90 l
- Side wind assistant, cruise control, ABS, ESP, ASR, electric immobiliser, Hillholder, Hill Descent Control, Traction Plus, trailer stability control, collision braking system⁶⁵⁾
- Start / Stop system
- Manual air conditioning system
- Glove compartment

Mercedes-Benz Sprinter with AL-KO low frame Carthago special

- Engine: 2.0 l diesel with Adblue (22 l), 150 HP / 110 kW, 4 cylinders, 330 Nm, Euro VI e, 6-speed gearbox, front-wheel drive
- 16-inch steel wheels
- Fuel tank capacity 65 l
- Keyless Start incl. Start/Stop button
- Side wind assistant, Hillholder, ABS, ASR, EBV, ESP
- Driver and passenger cup holders, glove compartment at passenger side
- Hinged lid for storage compartment
- Automatic driving light control
- Mercedes-Benz emergency call system, breakdown management
- Chassis battery 12 V / 92 Ah
- Wiring (cable set) for habitation door central locking system
- Electric warm air auxiliary heating in driver's cabin

Liner premium-class body construction

- 10-year water ingress guarantee
- Wood-free bodywork with GRP roof and floor covering
- Roof/wall connection via curved roof and frame member
- Roof system rails at side with rainwater deflection function
- Side and rear walls with aluminium on the interior and exterior
- RTM hard foam insulating core in roof, floor and side wall
- Floor to side wall connection using aluminium frame member bonded over its entire surface with additional cold stop
- Total wall and roof thickness, 38 mm
- Exterior hatches made from the original side wall material "Carthago Isoplus"
- Internal/external flap seal, outer seal as water spray protection
- Exterior hatches and habitation door with internal hinges
- Fuel tank flap flush-mounted into side wall
- Segmented side skirts made from aluminium profile
- 4-part rear frame with separate rear bumper
- Carthago rear lights with Carthago "C" branding in LEDs
- Seitz S4 habitation window, double frame with insulated glazing and no thermal bridge, insect screen roller blind and pleated blackout blind
- LED exterior light above habitation door with rain deflector
- Electrically extending habitation door entrance step with warning buzzer

Driver's cabin

- Dashboard sloping steeply towards the front (view of road surface in Fiat after 2.77 m, in Mercedes-Benz after 3.77 m)
- Pleated windscreen blind with insulating honeycomb structure
- Pleated blackout blinds behind rear side windows (operated from the side)
- Front mask in GRP, with double-shell insulation

- Driver's cabin door with security double locking, electric windows, rain gutter
- Soundproofing measures for engine compartment
- Aguti "Roadliner" driver and passenger comfort seats with Carthago label, in same material as living area, rotatable, with integrated seat belts and padded armrests
- Dashboard with leather-covered moulded part, practical sideboard and preparation for integrated reversing camera monitor and drinks bottle holder
- Leather-covered bottom panelling for drop-down bed including sun visors, LED spotlights and storage compartments at the side

Double floor

- Usable height up to 55.5 cm
- Through-loading storage compartment with lighting and heating
- Outside access via several large hatches
- Interior access via the L-shaped lounge seating area with patented fitting, swing-up or lift-up side seat bench (not model 141 LE) and via the large living area floor hatches in the entrance area and the kitchen area
- Central through-loading space (interior height 22 cm) with low double floor storage compartment (usable height 46 cm)

Large scooter garage

- Scooter garage load capacity up to 350 kg
- Large garage door at drivers side, additional door at passengers side
- Garage floor with GRP on top and bottom, anti-slip coating
- With all-round frostproof insulation and heating
- Lashing system via aluminium frame member, including eight lashing eyes

Interior

- epic world of style: Brilliant ash furniture decor with overhead cabinet doors in high gloss ivory

Living area

- Inside of walls and roof with microfibre climate-regulating wall covering
- L-shaped lounge seating area with side seat bench (model 141 LE with pull-out side seat)
- Wall cladding behind side seat with leather look (not model 141 LE)
- 360° living room table, rotatable using a foot pedal and movable in two directions
- Swivel-out shoe cabinet with holding system in the plinth of the seat bench, including LED mood lighting
- Seat padding with multilayer premium foam core and back support function
- "Durafix" double connecting technology: Furniture section screwed together and mortised
- Hatch closers with soft closing mechanism
- Curtain system including removable decorative curtain

Kitchen

- Kitchen work surface as visual room divider and additional worktop (not models 141 LE, 143 LE)
- Kitchen worktop surface in scratch-resistant shale decor
- Work surface lit from underneath with LED light strip
- Kitchen units with cutlery drawer
- Separate waste bins in separate hygiene area
- "Easy glide" roller-mounted kitchen drawers, with self and soft closing mechanism
- "Profi Gourmet" 3-ring hob with divided glass cover (models 141 LE, 143 LE one-piece), robust cast iron trivet and glass shelf
- Round stainless steel sink embedded in work surface with multifunctional sink cover including wall holder for increasing size of work surface
- Metal version of water fitting at practical pan height
- Kitchen rear wall in cream decorative glass

- Large fridge with door opening at both sides (models 141 LE, 143 LE: Slimtower) with separate freezer compartment, automatic energy source finder 12 V / 230 V / gas operation
- Mini-Heki skylight

Washroom & changing room

Changing room & room partitioning

- Changing room with lockable washroom door or luxury washroom door to living area
- Solid wooden sliding door in front of sleeping area (models 148 LE, 149 LE)
- Pull-out room partitioning and TV wall in front of sleeping area (Model 150 QB)
- Floor-to-ceiling wardrobe with clothes rail and a shelf (model 148 LE)

Combined washroom with separable round shower (Models 143 LE, 148 LE)

- Towel rail above round shower
- Shower head height-adjustable on chrome rail
- Mini-Heki skylight
- Wash stand base unit with toilet roll holder, mirrored storage cabinet

Vario swivelling washroom (model 141 LE)

- Interior swivelling wall with large mirror and washbasin
- "One level" shower access
- Shower head height-adjustable on chrome rail
- Mini-Heki skylight
- Shower area with sectional shower door and as privacy screen at same time when changing room is open
- Wooden toilet lid

Luxury washroom with separate shower room (Models 149 LE, 150 QB)

- "One level" shower access
- Towel rail above round shower
- Waterproof shower insert in same design as living area floor (model 149 LE)
- Shower insert with same design as living area floor, removable for showering (model 150 QB)
- Shower head height-adjustable on chrome rail
- Roof light in shower room
- Mini-Heki skylight in washroom
- Wash stand base unit with toilet roll holder, mirrored storage cabinet

Sleeping

Drop-down bed above the driver's cabin area

- Slatted frame and quality mattress
- Extra-low positioning of the bed: Access via side seat
- Sturdy support in sleeping position, bookshelf and LED spotlights
- Dividing curtain between drop-down bed and living area

Fixed beds in rear area

- Two-part heated and ventilated slatted frame
- 7-zone quality cold foam mattress
- Mini-Heki skylight
- Raisable head section

Lengthways single beds

- Pull-out comfort access steps with additional storage compartment including sleeping area extension (models 141 LE, 143 LE optional)
- Pull-out access steps including sleeping area extension (models 141 LE, 143 LE)
- Wardrobes beneath the beds, lowered into the double floor (model-dependent), with lift function and divided mattress
- All-round overhead storage cabinets

 **On-board equipment****Water**

- Fresh water and waste water tank in heated double floor, cleaning opening via living area floor hatches or scooter garage (depending on model)
- Central water drain in central double floor
- Low-maintenance water pressure pump system

Gas

- External low-level gas bottle compartment, exterior hatch with separate stay (models 148 LE, 149 LE, 150 QB)
- Gas bottle compartment in rear area, accessible via separate gas box door (models 141 LE, 143 LE)
- Holds 2 x 11 kg gas bottles
- Gas isolation taps in kitchen area

Electrical system

- Electrical centre in scooter garage including charger, fuses, fuse protection, 16 A automatic charger with automatic shut-off in the event of low voltage
- Heated battery centre, with 1 x 80 Ah gel battery in double floor, access via double floor storage compartment at driver side, main power switch
- Truma CP+ digital operating panel for warm air heating, behind technical panel above habitation door
- 230 V socket in seating area, kitchen, washroom, scooter garage
- 12 V socket in driver's cabin (Fiat: 2 x Mercedes-Benz: 1 x)
- USB socket in driver's cabin (Fiat: 2 x Mercedes-Benz: 1 x)

Innovative light concept

- Ceiling canopy with additional LED spotlights and indirect LED lighting
- LED mood light in kitchen area / seat bench plinth (seat bench plinth only in models 141 LE, 143 LE)
- Main light and ambient lighting can be switched separately

 **Heating technology**

- Warm air outlets in driver's cabin, dashboard front, door entrances, living area, double floor and scooter garage
- Dashboard with targeted heating with widespread heating effect
- Underfloor heating effect due to heated climate storage double floor

The fascination of the Carthago Liner class:

elegance, comfort and extravagance

Exclusive exterior design:

- Carthago v-face front design
- Modern GRP bus rear
- Carthago rear lights with dynamic LED indicators

Double floor with huge, heated storage compartment:

- Usable height up to 70 cm
- Exterior access via several large hatches. Convenient interior access via the seat bench cover of the L-shaped lounge seating area, the swing-up side seat bench and the large living area floor hatches
- Large through-loading compartment with extra-low double floor storage compartment, also loadable from the outside through the XL habitation door via the living area floor hatches

Above average self-sufficiency:

- 170 l fresh water / 140 l waste water
- 2 x 80 Ah batteries

AL-KO low frame Carthago special:

- Single axle up to 4.5 t / double axle up to 5.5 t permissible gross weight

Carthago body concept for Liner premium class:

- High-stability body connection via frame members
- Wood-free habitation with RTM hard foam insulating core
- Interior walls and ceiling made of aluminium = lightning protection.
- Micro-fibre climate-regulating wall covering

Equipment line of chic c-line superior

- "Superior" designer radiator grille, with vertical and horizontal chrome bars
- 16-inch alloy wheels
- "Superior" extended exterior decor
- "Exclusive" designer front mask above windscreen with black panel
- "Liner" engine hood design - visual windscreen extension
- linea siena world of style: Summer chestnut furniture decor with overhead cabinet doors with bicolor look in high-gloss ivory
- Kitchen worktop in solid and joint-free Corian version
- Thetford C 260 toilet with ceramic insert ⁹²⁾

Base vehicle

- Carthago Full-LED headlights (dipped and main beam) including LED daytime driving light
- Fog light
- Driver / passenger airbag ¹¹⁾
- Mud flaps on front and rear axle
- Fix & Go repair kit
- 16-inch steel wheels

Fiat Ducato with AL-KO low frame Carthago special

- Engine: 2.2 l diesel Multijet 3 with Adblue (19 l), 180 HP / 132 kW, 4 cylinders, 380 Nm, Euro 6d Final, 6-speed gearbox, front-wheel drive
- Fuel tank capacity 90 l
- Start / Stop system
- Side wind assistant (single axle models), cruise control, ABS, ESP, ASR, electric immobiliser, Hillholder, Hill Descent Control, Traction Plus, trailer stability control, collision braking system ⁶⁵⁾
- Manual air conditioning system
- Glove compartment
- Wheel trim with Carthago lettering

Mercedes-Benz Sprinter with AL-KO low frame Carthago special

- Engine: 2.0 l diesel with Adblue (22 l), 150 HP / 110 kW, 4 cylinders, 330 Nm, Euro VI e, 6-speed gearbox, front-wheel drive
- Fuel tank capacity 65 l
- Keyless Start incl. Start/Stop button
- Side wind assistant (single axle model), Hillholder, ABS, ASR, EBV, ESP
- Driver and passenger cup holders, glove compartment at passenger side
- Hinged lid for storage compartment
- Automatic driving light control
- Mercedes-Benz emergency call system, breakdown management
- Chassis battery 12 V / 92 Ah
- Wide-gauge front axle
- Wiring (cable set) for habitation door central locking system
- Electric warm air auxiliary heating in driver's cabin
- Original Mercedes-Benz wheel trims

Liner premium-class body construction

- 10-year water ingress guarantee
- Wood-free bodywork with GRP roof and floor covering
- GRP bus rear with double-shell insulation, separate rear bumper
- Roof/wall connection via curved roof and frame member
- Roof system rails at side with rainwater deflection function
- Side and rear walls with aluminium on the interior and exterior
- RTM hard foam insulating core in roof, floor and side wall
- Floor to side wall connection using aluminium frame member bonded over its entire surface with additional cold stop
- Total wall and roof thickness, 38 mm
- Body with lightning strike protection / Faraday cage

- Exterior hatches made from the original side wall material "Carthago Isoplus"
- Internal/external flap seal, outer seal as water spray protection
- Exterior hatches and habitation door with internal hinges
- Fuel tank flap flush-mounted into side wall
- Segmented side skirts made from aluminium profile
- Carthago rear lights with dynamic LED indicators
- Seitz S4 habitation window, double frame with insulated glazing and no thermal bridge, insect screen roller blind and pleated blackout blind
- LED exterior light above habitation door with rain deflector
- Electrically extending habitation door entrance step with warning buzzer

Driver's cabin

- Dashboard sloping steeply towards the front (view of road surface in Fiat after 2.77 m, in Mercedes-Benz after 3.77 m)
- Pleated windscreen blind with insulating honeycomb structure
- Pleated blackout blinds behind rear side windows (operated from the side)
- Model XL: Insulating double glazing in driver's cabin: Side and door windows
- Front mask in GRP, with double-shell insulation
- Driver's cabin door with security double locking, electric windows, rain gutter
- Soundproofing measures for engine compartment
- Aguti "Roadliner" driver and passenger comfort seats with Carthago label, in same material as living area, rotatable, with integrated seat belts and padded armrests
- Dashboard with leather-covered moulded part, practical sideboard and preparation for integrated reversing camera monitor and drinks bottle holder
- Leather-covered bottom panelling for drop-down bed including sun visors, LED spotlights and storage compartments at the side

Double floor

- Usable height up to 70 cm
- Through-loading storage compartment with lighting and heating
- Outside access via several large hatches
- Interior access via the L-shaped lounge seating area with patented fitting, swing-up side seat bench and via the large living area floor hatches in the entrance and kitchen area
- Central through-loading space (interior height 22 cm) with low double floor storage compartment (usable height 46 cm)

Large scooter garage

- Scooter garage load capacity up to 350 kg
- Large garage doors at passenger and driver side
- Garage floor with GRP on top and bottom, anti-slip coating
- With all-round frostproof insulation and heating
- Lashing system via aluminium frame member, including eight lashing eyes

Interior

- linea moderna world of style: Golden wattle furniture decor with overhead cabinet doors with bicolor look in high-gloss ivory

Living area

- Inside of walls and roof with microfibre climate-regulating wall covering
- L-shaped lounge seating area with side seat bench
- Wall panelling behind side seat with leather look
- Model XL: XL lounge seating area with long side sofa at passenger side
- Heki III panoramic skylight above lounge seating area with LED spotlights
- Living area window above side bench at passenger side (XL models)

- 360° living room table, rotatable using a foot pedal and movable in two directions
- Swivel-out shoe cabinet with holding system in base of seat bench
- Seat padding with multilayer premium foam core and back support function
- "Durafix" double connecting technology: Furniture section screwed together and mortised
- Hatch closers with soft closing mechanism
- Removable decorative curtain, Roman blind system can be adjusted and fixed vertically

Kitchen

- Comfort corner kitchen with raised kitchen work surface cabinet as visual room divider and additional work surface
- Kitchen work surface in "Savannah" décor with Corian drip edge
- Work surface lit from underneath with LED light strip
- "Easy glide" roller-mounted kitchen drawers, with self and soft closing mechanism
- Separate waste bins in separate hygiene area
- Separate drawer for cutlery with organiser, bottle holder
- "Profi Gourmet" 3-ring hob with divided glass cover for additional storage space with robust cast iron trivet and easy-clean glass shelf
- Round stainless steel sink embedded in work surface with multi-functional sink cover including wall holder for increasing size of work surface
- Designer mixer tap in metal with pull-out spray head
- Kitchen rear wall in cream decorative glass
- Large fridge with door opening at both sides, separate freezer compartment, automatic energy source finder 12 V / 230 V / gas operation
- Slide-out storage cabinet (floor-to-ceiling in models 5.9 XL LE, 6.2 XL QB)
- Electric roof hood fan

Washroom & changing room

Changing room & room partitioning

- Changing room with lockable room partitioning door and solid wooden sliding door (XL models) to living area
- Solid wooden sliding door in front of sleeping area (models 4.9 LE, 4.9 LE L, 5.0 QB L)
- Pull-out TV wall and room divider in front of sleeping area (Models 5.0 QB)
- Solid wood sliding door in front of sleeping area including full length mirror (XL models)
- Floor-to-ceiling wardrobe with two clothes rails and shelf integrated in the changing room (models 4.9 LE L, 5.0 QB L, XL models)

Luxury washroom with separate shower room (Models 4.9 LE, 4.9 LE L, 5.0 QB, 5.0 QB L)

- "One level" shower access
- Towel rail above round shower
- Waterproof shower insert in same design as living area floor (model 5.0 QB: can be removed for showering)
- Shower head height-adjustable on chrome rail
- Roof dome in shower room
- Mini-Heki skylight in washroom
- Wash stand base unit with toilet roll holder, mirrored storage cabinet
- Luxury washroom door with 3-way function (washroom double door for toilet room and partitioning from living area)

XL washroom with XL room concept (Models 5.9 XL LE, 6.2 XL QB)

- Open wash area and designer washbasin
- Mini-Heki skylight
- XL round shower with waterproof shower insert in the same design as living area floor and level shower entry including skylight with towel rail
- Shower head height-adjustable on chrome rail

- Additive warm water underfloor heating: Additional heating coils in double floor in area of washroom
- Micro-Heki skylight in toilet
- Separate toilet with side window, towel warmer as well as footwell extension

Sleeping

Drop-down bed above the driver's cabin area

- Slatted frame and quality mattress
- Extra-low positioning of the bed: Access via side seat
- Sturdy support in sleeping position, bookshelf and LED spotlights
- Dividing curtain between drop-down bed and living area
- Mini-Heki skylight

Fixed beds in rear area

- Carawinx medically recommended point elastic sleeping system, heated and ventilated
- 7-zone quality cold foam mattress
- Mini-Heki skylight
- Raisable head section
- Habitation windows at driver and passenger side

Lengthways single beds

- Pull-out comfort access steps with additional storage compartment, including sleeping area extension
- Designer shelves in sleeping area overhead storage compartment area
- Wardrobes beneath the beds, lowered into the double floor, with lift function and divided mattress
- All-round overhead storage cabinets

On-board equipment

Water

- Fresh water and waste water tank in heated double floor, cleaning opening via living area floor hatches or scooter garage (depending on model)
- Central water drain in central double floor
- Low-maintenance water pressure pump system
- Waste water hose set for easy disposal

Gas

- External gas bottle compartment in low position
- Holds 2 x 11 kg gas bottles
- Gas isolation taps in kitchen area

Electrical system

- Electrical centre in scooter garage including charger, fuses, fuse protection, 16 A automatic charger with automatic shut-off in the event of low voltage
- Heated battery centre with 2 x 80 Ah gel batteries, in double floor, access through exterior storage compartment at passenger side, main power switch (in passenger side wardrobe in XL models)
- Truma CP+ digital operating panel for warm air heating, behind technical panel above habitation door (single axle models)
- 230 V socket in seating area, kitchen, washroom, scooter garage
- 12 V socket in driver's cabin (Fiat: 2 x Mercedes-Benz: 1 x)
- USB socket in driver's cabin (Fiat: 2 x Mercedes-Benz: 1 x)

Innovative light concept

- Lighting system with numerous LED spotlights in driver's cabin, living area and changing room with continuous dimmer function
- Ceiling canopy with additional LED spotlights and indirect LED lighting
- LED spot light with background lighting in the entrance area

Heating technology

- Warm air outlets in driver's cabin, dashboard front, door entrances, living area, double floor and scooter garage
- Dashboard with targeted heating with widespread heating effect
- Underfloor heating effect due to heated climate storage double floor

Alde warm water heating technology

- XL models: Alde warm water heating with separate heating circuit, numerous convector heaters in the driver's cabin, dashboard, living area, double floor and scooter garage
- Additive warm water underfloor heating: Additional heating coils in double floor area of XL washroom

The jewel in the crown of the Carthago Liner class: more comfort, more self-sufficiency, more independence

Exclusive exterior design:

- Carthago full LED headlights
- Modern GRP bus rear
- Carthago rear lights with dynamic LED indicators

Living area concept:

- Two-level room concept with standing height in the living area: 2.11 m
- Spacious and extra comfortable round seating area for up to 6 people

Double floor with huge, heated storage compartment:

- Usable height up to 70 cm
- Exterior access via several large hatches. Convenient interior access via the seat bench cover of the L-shaped lounge seating area, the swing-up side seat bench and large living area floor hatches
- Large, central through-loading space (interior height 22 cm) with extra-low double floor storage compartment (usable height 46 cm), conveniently loadable through the XL habitation door via a large, self-supporting living area floor hatches
- Entire double floor heated with climate storage function

Maximum self-sufficiency:

- 235 l fresh water / 185 l waste water
- 2 x 80 Ah batteries (can be extended to 3 x 80 Ah or 2 x 90 Ah Lithium-Ion batteries)
- Alde warm water heating technology

AL-KO low frame Carthago special:

- Fiat Ducato AL-KO single axle up to 4.8 t / double axle up to permissible gross weight of 5.5 t

- Mercedes-Benz AL-KO single axle up to 4.5 t / double axle up to permissible gross weight of 5.5 t

Base vehicle

- Carthago Full-LED headlights (dipped and main beam) including LED daytime driving light
- Fog light
- Driver/passenger airbag¹¹⁾
- Mud flaps on front and rear axle
- Fix & Go repair kit
- 16-inch steel wheels

Fiat Ducato with AL-KO low frame Carthago special

- Engine: 2.2 l diesel Multijet 3 with Adblue (19 l), 180 HP / 132 kW, 4 cylinders, 380 Nm, Euro 6d Final, 6-speed gearbox, front-wheel drive
- Fuel tank capacity 90 l
- Reinforced spring on the front axle with increased axle load up to 2.3 t
- Start / Stop system
- Side wind assistant (single axle models), cruise control, ABS, ESP, ASR, electric immobiliser, Hillholder, Hill Descent Control, Traction Plus, trailer stability control, collision braking system⁶⁵⁾
- Manual air conditioning system
- Glove compartment
- Wheel trim with Carthago lettering

Mercedes-Benz Sprinter with AL-KO low frame Carthago special

- Engine: 2.0 l diesel with Adblue (22 l), 150 HP / 110 kW, 4 cylinders, 330 Nm, Euro VI e, 6-speed gearbox, front-wheel drive
- Fuel tank capacity 65 l
- Reinforced front axle with increased axle load of 2.1 t
- Keyless Start incl. Start/Stop button
- Side wind assistant (single axle model), Hillholder, ABS, ASR, EBV, ESP
- Driver and passenger cup holders, glove compartment at passenger side
- Hinged lid for storage compartment
- Automatic driving light control
- Mercedes-Benz emergency call system, breakdown management
- Chassis battery 12 V / 92 Ah
- Wide-gauge front axle
- Wiring (cable set) for habitation door central locking system
- Electric warm air auxiliary heating in driver's cabin
- Original Mercedes-Benz wheel trims

Liner premium-class body construction

- 10-year water ingress guarantee
- Wood-free bodywork with GRP roof and floor covering
- Roof/wall connection via curved roof and frame member
- Roof system rails at side with rainwater deflection function
- Side and rear walls with aluminium on the interior and exterior
- RTM hard foam insulating core in roof, floor and side wall
- Floor to side wall connection using aluminium frame member bonded over its entire surface with additional cold stop
- Total wall and roof thickness, 38 mm
- Body with lightning strike protection / Faraday cage
- Exterior hatches made from the original side wall material "Carthago Isoplus"
- Internal/external flap seal, outer seal as water spray protection
- Exterior hatches and habitation door with internal hinges
- Fuel tank flap flush-mounted into side wall
- Segmented side skirts made from aluminium profile
- GRP bus rear with double-shell insulation, separate rear bumper
- Carthago rear lights with dynamic LED indicators
- Seitz de Luxe habitation window, thermal bridge-free double frame with insulated glazing and flat outer window surface, insect screen roller blind and pleated blackout blind
- LED exterior light above habitation door with rain deflector
- Electrically extending habitation door entrance step with warning buzzer

Driver's cabin

- Dashboard sloping steeply towards the front (view of road surface in Fiat after 2.77 m, in Mercedes-Benz after 3.77 m)
- Extra-high panoramic windscreen with increased depth
- "Exclusive" designer front end with black panel above windscreen
- "Liner" engine hood design – visual windscreen extension
- Pleated blackout blinds behind rear side windows (operated from the side)
- Front mask in GRP, with double-shell insulation
- Driver's cabin seats further apart: better visibility and more access width in driver's cabin
- Driver's cabin door with security double locking, electric windows, rain gutter
- Soundproofing measures for engine compartment
- Aguti "Roadliner" driver and passenger comfort seats with Carthago label, in same material as living area, rotatable, with integrated seat belts and padded armrests
- Dashboard with leather-covered moulded part, practical sideboard and wiring for integrated reversing camera monitor and drinks bottle holder
- Overhead storage cabinets all around instead of drop-down bed (Mercedes-Benz single axle)
- Leather-covered bottom panelling for drop-down bed, LED spotlights and storage compartments at the side
- Headroom beneath drop-down bed of up to 190 cm
- Sideboard at the passenger side with two heating convectors and storage compartment above

Driver's cabin thermal concept

- Insulating double glazing in driver's cabin: Side and door windows
- Convector package with 2-speed fan (booster) beneath driver's seat (Fiat), or in sideboard (Mercedes-Benz), for targeted footwell heating
- Electric honeycomb insulating pleated windscreen blind with individually programmable privacy and sun visor function
- Dashboard surface targeted heating for additional heating of the driver's cabin (surface heating effect): Integrated heating convectors with circulation baffle plate (double convectors at driver and passenger sides)
- Driver's cabin door entrance: targeted heating with additional convector

Double floor

- Usable height up to 70 cm
- Through-loading storage compartment with lighting and heating
- Outside access via several large hatches
- Interior access via the round lounge seating area with patented fitting, swing-up side seat bench and via the large living area floor hatches
- Central through-loading space (interior height 22 cm) with low double floor storage compartment (usable height 46 cm)

Large scooter garage

- Scooter garage load capacity up to 450 kg
- Large garage hatches at the driver and passenger sides, with gas pressure rods
- Garage floor with GRP on top and bottom, anti-slip coating
- With all-round frostproof insulation and heating
- Lashing system via aluminium frame member, including eight lashing eyes
- Outdoor shower in scooter garage at passenger side (warm / cold)

Interior

- linea chiara world of style: Noce Fino furniture decor with overhead cabinet doors in high gloss ivory

Living area

- Inside of walls and roof with microfibre climate-regulating wall covering
- Large front round seating area with wide side seat bench
- Model XL: XL round seating area with long side sofa including pull-out sleeping and seating surface at passenger side
- Heki III panoramic skylight above round seating area with LED spotlights
- Living area window above side bench on passenger side
- Luxury living area table, movable in two directions (via foot pedal)
- Pull-out shoe cabinet with storage system integrated into the base of the seat bench, locking mechanism via electric central locking in kitchen
- Seat padding with multilayer premium foam core and back support function
- "Durafix" double connecting technology: Furniture section screwed together and mortised
- Hatch closers with soft closing mechanism
- Removable decorative curtain, Roman blind system can be adjusted and fixed vertically

Kitchen

- Comfort corner kitchen with pull-out kitchen work surface with worktop extension, easily accessible storage space reserves, bottle holder and two waste bins
- Kitchen work surface in "Savannah" décor with Corian drip edge
- Work surface lit from underneath with LED light strip
- "Easy glide" roller-mounted kitchen drawers, with self and soft closing mechanism
- Electric central locking in the kitchen area including bar cabinet and shoe cabinet
- Separate drawer for cutlery with organiser
- "Profi Gourmet" 3-ring hob with divided glass cover for additional storage space with robust cast iron trivet and easy-clean glass shelf
- Round stainless steel sink embedded in work surface with multifunctional sink cover including wall holder for increasing size of work surface
- Designer mixer tap in metal with pull-out spray head
- Kitchen rear wall in cream decorative glass
- Coffee machine lift can be lowered from overhead storage cabinet
- Large fridge with door opening at both sides, separate freezer compartment, automatic energy source finder 12 V / 230 V / gas operation
- Slide out storage cabinet, floor-to-ceiling in XL models.
- Electric roof hood fan

Washroom & changing room

Changing room & room partitioning

- Changing room incl. Mini-Heki skylight with lockable room partitioning door and solid wooden sliding door (XL models) to living area
- Solid wood sliding door in front of sleeping area (Model 50 LE)
- Pull-out TV wall and room divider in front of sleeping area (Models 51 QB)
- Solid wood sliding door in front of sleeping area with full length mirror (XL models)
- Floor-to-ceiling wardrobe with two clothes rails and shelf integrated in the changing room (50 LE L models, XL models)

Luxury washroom with separate shower room (models 50 LE, 51 QB)

- Waterproof shower insert in same design as living area floor
- Rain shower with roof light, standing height 1.98 m
- Shower tray and shower corner pillar in dark granite look, shower walls with marble design incl. clothes hooks
- Height-adjustable shower head on chromium rail (model 50 LE)
- Wash stand base unit with toilet roll holder, mirrored storage cabinet
- Luxury washroom door with 3-way function (washroom double door for toilet and room partitioning from living area)

XL washroom with XL room concept (Models 61 XL LE, 64 XL QB)

- Open wash area and designer washbasin
- Mini-Heki skylight
- XL round shower with waterproof shower insert in same design as living area floor and "one level" shower access
- Rain shower with roof light, including blackout blind
- Shower head height-adjustable on chrome rail
- Shower tray and shower corner pillar in dark granite look, shower walls with marble design incl. clothes hooks
- Additive warm water underfloor heating: Additional heating coils in double floor area of washroom
- Micro-Heki skylight in toilet
- Separate toilet with side window, towel warmer as well as footwell extension

Sleeping

Drop-down bed above the driver's cabin area (not Mercedes-Benz single axle)

- Slatted frame and quality mattress
- Extra-low positioning of the bed: Access via side seat
- Wobble-free support in sleeping configuration, bookshelf and LED spotlights
- Dividing curtain between drop-down bed and living area
- Mini-Heki skylight

Fixed beds in rear area

- Carawinx medically recommended point elastic sleeping system, heated and ventilated
- 7-zone quality cold foam mattress
- Mini-Heki skylight
- Raisable head section

Lengthways single beds

- Pull-out comfort access steps with additional storage compartment, including sleeping area extension
- Integrated TV cabinet in sleeping area with shelf
- Wardrobes beneath the beds, lowered into the double floor, with lift function and divided mattress
- All-round overhead storage cabinets

On-board equipment

Water

- Fresh water and waste water tank in heated double floor, cleaning opening via living area floor hatches or scooter garage (depending on model)
- Ball type drain valve positioned in the double floor protected from frost (central water drain)
- Low-maintenance water pressure pump system
- Waste water hose set with bayonet connection

Gas

- External gas bottle compartment in low position
- Holds 2 x 11 kg gas bottles
- Gas isolation taps in kitchen area

Electrical system

- Easily accessible electrical centre in scooter garage, including charger / fuses / fuse protection, 22 A automatic charger, electric control, automatic switch-off when voltage too low, including starter battery charging function
- Heated battery centre, 2 x 80 Ah gel batteries in double floor, accessible from scooter garage (Fiat single axle models via double floor storage compartment at passenger side) main power switch
- Multifunctional panel behind technical panel above habitation door
- 230 V socket in seating area, kitchen, washroom, scooter garage
- 12 V socket in driver's cabin (Fiat: 2 x Mercedes-Benz: 1 x), Scooter garage
- USB socket in driver's cabin (Fiat: 2 x Mercedes-Benz: 1 x)

Innovative light concept

- Lighting system with numerous LED spotlights in driver's cabin, living area and changing room with continuous dimmer function
- Ceiling canopy with additional LED spotlights and indirect LED lighting
- LED spot light with background lighting in the entrance area
- LED mood light in kitchen area / plinth of seat bench
- LED mood light with backlighting in round washroom wall
- Night lighting in the floor with LED spotlights, can be switched from entrance and sleeping area
- Living area step to changing room with flush-fitted surface lighting

TV

- "Quick up" TV pull-out system in side seat bench backrest for 32" LED flat screen, connection pre-wiring for 32"/40" LED flat screen

Alde warm water heating technology

- Alde warm water heating (with separate heating circuit in XL models), operated using 230 V electricity or gas, including 230 V heating cartridge, warm water boiler, venting valves, numerous convectors in driver's cabin, dashboard, living area, double floor and scooter garage
- Underfloor heating effect due to heated climate storage double floor
- Additive warm water underfloor heating: Additional heating coils in double floor area of XL washroom
- Dashboard with targeted heating for additional heating of the driver's cabin: Insulated sandwich area beneath dashboard with warm water heating coils for surface heating
Booster: Convector package with 2-speed fan underneath driver's seat, additional convector in the entry doorway

The powerhouse of the Carthago Liner class:
on the Iveco Daily 5.6 t / 6.7 t with high-traction rear-wheel drive / dual wheels

Exclusive exterior design:

- Carthago full LED headlights
- Modern GRP bus rear
- Carthago rear lights with dynamic LED indicators

Iveco Daily:

- High traction rear wheel drive
- Towed load up to 3,500 kg
- Extremely powerful engine with 3.0 l capacity with up to 207 / 152 kW and torque of 470 Nm (optional)

Living area concept:

- Two-level room concept with standing height in the living area: 2.11 m
- Spacious and extra comfortable round seating area for up to 6 people

Double floor with huge, heated storage compartment:

- Usable height up to 74 cm (6.7 t: 78 cm)
- Exterior access via several large hatches. Convenient interior access via the seat bench cover of the L-shaped lounge seating area, the swing-up side seat bench and large living area floor hatches
- Large, central through-loading space (interior height 20 cm), with storage compartment (usable height 20 cm), convenient loading also through XL habitation door via a large, self-supporting living area floor hatch
- Entire double floor heated with climate storage function

Maximum self-sufficiency:

- 235 l fresh water / 200 l waste water
- 2 x 80 Ah gel battery (can be extended)
- Alde warm water heating technology

Base vehicle

- Carthago Full-LED headlights (dipped and main beam) including LED daytime driving light
- Fog light
- 16-inch steel wheels

Iveco Daily

- Engine: HPI Diesel 3.0 l with AdBlue (20 l), 156 HP / 115 kW, Euro VI E, 6-speed gearbox, rear-wheel drive
- Models 50 LE: Iveco Daily 5.6 t (permissible gross weight standard 5.6 t / optionally 5.8 t)
- Models 61 XL LE, 64 XL QB: Iveco Daily 6.7 t (permissible gross weight as standard 6.7 t)
- High frame with dual wheels on rear axle
- Fuel tank capacity 90 l
- Front axle with individual wheel suspension and torsion bar suspension, double wishbone and increased axle load capacity, rigid rear axle with parabolic suspension
- ESP, ABS, electric immobiliser, ASR, Hillholder
- Cruise control
- Assistance display (central TFT cluster)
- Towbar preparation (cut-out in GRP rear with electrical wiring)
- Spare wheel with holder beneath garage floor
- Heavy-duty rollers at the rear

Liner premium-class body construction

- 10-year water ingress guarantee
- Wood-free bodywork with GRP roof and floor covering
- Roof/wall connection via curved roof and frame member
- Roof system rails at side with rainwater deflection function
- Side and rear walls with aluminium on the interior and exterior
- RTM hard foam insulating core in roof, floor and side wall
- Floor to side wall connection using aluminium frame member bonded over its entire surface with additional cold stop
- Total wall and roof thickness, 38 mm
- Body with lightning strike protection / Faraday cage
- Exterior hatches made from the original side wall material "Carthago Isoplus"
- Internal/external flap seal, outer seal as water spray protection
- Exterior hatches and habitation door with internal hinges
- Fuel tank flap flush-mounted into side wall
- GRP bus rear with double-shell insulation, separate rear bumper
- Carthago rear lights with dynamic LED indicators
- Seitz de Luxe habitation window, thermal bridge-free double frame with insulated glazing and flat outer window surface, insect screen roller blind and pleated blackout blind
- LED exterior light above habitation door with rain deflector
- Electrically extending habitation door entrance step with warning buzzer

Driver's cabin

- Dashboard sloping steeply towards the front for early view of road surface
- Extra-high panoramic windscreen with increased depth
- "Exclusive" designer front mask above windscreen with black panel
- "Liner" engine hood design – visual windscreen extension
- Pleated blackout blinds behind rear side windows (operated from the side)
- Mirror arm extensions with rain deflection function
- Front mask in GRP, with double-shell insulation
- Driver's cabin seats further apart: better vision and more access width in driver's cabin
- Driver's cabin door with security double locking, electric windows, rain gutter
- Coach windscreen wipers wiping in opposing directions
- Soundproofing measures for engine compartment
- Aguti "Roadliner" driver and passenger comfort seats with Carthago label, in same material as living area, rotatable, with integrated seat belts and padded armrests

- Dashboard with leather-covered moulded part, practical sideboard and preparation for integrated reversing camera monitor and drinks bottle holder
- Leather-covered bottom panelling for drop-down bed, LED spotlights and storage compartments at the side
- Headroom beneath drop-down bed of up to 190 cm
- Sideboard at the passenger side with two heating convectors and storage compartment above

Driver's cabin thermal concept

- Insulating double glazing in driver's cabin: Side and door windows
- Convector package with 2-speed fan (booster) beneath driver's seat
- Electric honeycomb insulating pleated windscreen blind with individually programmable privacy and sun visor function
- Dashboard surface targeted heating for additional heating of the driver's cabin (surface heating effect): Integrated heating convectors with circulation baffle plate (double convectors at driver and passenger sides)

Double floor

- Usable height up to 74 cm (Iveco Daily 6.7 t: 78 cm)
- Through-loading storage compartment with lighting and heating
- Outside access via several large hatches
- Interior access via the round lounge seating area with patented fitting, swing-up side seat bench and via the large living area floor hatches
- Central through-loading space (interior height 20 cm) with low double floor storage compartment (usable height 20 cm)

Large scooter garage

- Scooter garage load capacity up to 450 kg
- Large garage hatches at the driver and passenger sides, with gas pressure rods
- Garage floor with GRP on top and bottom, anti-slip coating
- With all-round frostproof insulation and heating
- Lashing system via aluminium frame member, including eight lashing eyes
- Outdoor shower in scooter garage at passenger side (warm / cold)

Interior

- line a chiara world of style: Noce Fino furniture decor with overhead cabinet doors in high gloss ivory and lotus white

Living area

- Inside of walls and roof with microfibre climate-regulating wall covering
- Large front round seating area with wide side seat bench
- Model XL: XL round seating area with long side sofa including pull-out sleeping / seat surface at passenger side
- Heki III panoramic skylight above round seating area with LED spotlights
- Living area window above side bench on passenger side
- Luxury living area table, movable in two directions (via foot pedal)
- Pull-out shoe cabinet with storage system integrated into the base of the seat bench, locking mechanism via electric central locking in kitchen
- Seat padding with multilayer premium foam core and back support function
- "Durafix" double connecting technology: Furniture section screwed together and mortised
- Hatch closers with soft closing mechanism
- Removable decorative curtain, Roman blind system can be adjusted and fixed vertically

Kitchen

- Comfort corner kitchen with pull-out kitchen work surface as work-top extension, easily accessible storage space reserves, bottle holder and two waste bins

- Kitchen work surface in "Savannah" décor with Corian drip edge
- Work surface lit from underneath with LED light strip
- "Easy glide" roller-mounted kitchen drawers, with soft closing mechanism
- Electric central locking in the kitchen area including bar cabinet and shoe cabinet
- Separate drawer for cutlery with organiser
- "Profi Gourmet" 3-ring hob with divided glass cover for additional storage area with robust cast iron trivet and easy-clean glass shelf
- Round stainless steel sink embedded in work surface with multifunctional sink cover including wall holder for increasing size of work surface
- Designer mixer tap in metal with pull-out spray head
- Kitchen rear wall in cream decorative glass
- Coffee machine lift can be lowered from overhead storage cabinet
- Large fridge with door opening at both sides, separate freezer compartment, automatic energy source finder 12 V / 230 V / gas operation
- Slide out storage cabinet, floor-to-ceiling in XL models.
- Electric roof hood fan

Washroom & changing room

Changing room & room partitioning

- Changing room incl. Mini-Heki skylight with lockable room partitioning door and solid wooden sliding door (XL models) to living area
- Solid wood sliding door in front of sleeping area (Model 50 LE)
- Solid wood sliding door in front of sleeping area including full length mirror (XL models)
- Floor-to-ceiling wardrobe with two clothes rails and shelf integrated in the changing room

Luxury washroom with separate shower room (model 50 LE)

- Waterproof shower insert in same design as living area floor
- Rain shower with roof light, standing height 1.98 m
- Shower tray and shower corner pillar in dark granite look, shower walls with marble design incl. clothes hooks
- Shower head height-adjustable on chrome rail
- Wash stand base unit with toilet roll holder, mirrored storage cabinet
- Luxury washroom door with 3-way function (washroom double door for toilet room and partitioning from living area)

XL washroom with XL room concept (Models 61 XL LE, 64 XL QB)

- Open wash area and designer washbasin
- Mini-Heki skylight
- XL round shower with waterproof shower insert in same design as living area floor and "one level" shower access
- Rain shower with roof light, including blackout blind
- Shower head height-adjustable on chrome rail
- Shower tray and shower corner pillar in dark granite look, shower walls with marble design incl. clothes hooks
- Additive warm water underfloor heating: Additional heating coils in double floor in area of washroom
- Micro-Heki skylight in toilet
- Separate toilet with side window, towel warmer as well as footwell extension

Sleeping

Drop-down bed above the driver's cabin area

- Slatted frame and quality mattress
- Extra-low positioning of the bed: Access via side seat
- Wobble-free support in sleeping configuration, bookshelf and LED spotlights
- Dividing curtain between drop-down bed and living area
- Mini-Heki skylight

Fixed beds in rear area

- Carawinx medically recommended point elastic sleeping system, heated and ventilated
- 7-zone quality cold foam mattress
- Mini-Heki skylight
- Raisable head section

Lengthways single beds

- Pull-out comfort access steps with additional storage compartment, including sleeping area extension
- Integrated TV cabinet in sleeping area with shelf
- Wardrobes beneath the beds, lowered into the double floor, with lift function and divided mattress
- All-round overhead storage cabinets

On-board equipment

Water

- Fresh water and waste water tank in heated double floor, cleaning opening via living area floor hatches or scooter garage (depending on model)
- Ball type drain valve positioned in the double floor protected from frost (central water drain)
- Low-maintenance water pressure pump system
- Waste water hose set with bayonet connection

Gas

- External gas bottle compartment in low position
- Holds 2 x 11 kg gas bottles
- Gas isolation taps in kitchen area

Electrical system

- Easily accessible electrical centre in scooter garage, including charger / fuses / fuse protection, 22 A automatic charger, electric control, automatic switch-off when voltage too low, including starter battery charging function
- Heated battery centre, 2 x 80 Ah gel batteries in double floor, access via scooter garage, main power switch
- Multifunctional panel behind technical panel above habitation door
- 230 V socket in seating area, kitchen, washroom, scooter garage
- 12 V socket in driver's cabin, scooter garage
- USB socket in driver's cabin (2 x)

Innovative light concept

- Lighting system with numerous LED spotlights in driver's cabin, living area and changing room with continuous dimmer function
- Ceiling canopy with additional LED spotlights and indirect LED lighting
- LED spot light with background lighting in the entrance area
- LED mood light in kitchen area / plinth of seat bench
- LED mood light with backlighting in round washroom wall
- Night lighting in the floor with LED spotlights, can be switched from entrance and sleeping area
- Living area step to changing room with flush-fitted surface lighting

TV

- "Quick up" TV pull-out system in side seat bench backrest for 32" LED flat screen, connection pre-wiring for 32"/40" LED flat screen

Alde warm water heating technology

- Alde warm water heating (with separate heating circuit in XL models), operated using 230 V electricity or gas, including 230 V heating cartridge, warm water boiler, venting valves, numerous convectors in driver's cabin, dashboard, living area, double floor and scooter garage
- Underfloor heating effect due to heated climate storage double floor
- Additive warm water underfloor heating: Additional heating coils in double floor area of XL washroom
- Dashboard with targeted heating for additional heating of the driver's cabin: Insulated sandwich area beneath dashboard with warm water heating coils for surface heating
Booster: Convector package with 2-speed fan underneath driver's seat, additional convector in the entry doorway

Round rear lounge seating area with electrically extendible TV lounge and unique 4-room concept

Living area concept:

- Round rear lounge seating area with electrically extendible TV lounge (optional), raised kitchen worktop with vertical wave-form and unique 4 room concept
- (Optional) 40" electrically extendible flat screen
- Integrated Pedelec / scooter garage beneath round lounge seating area with interior height of 114 cm (up to 145 cm in 53 L)
- Electrically lowerable lengthways single bed with spacious bed dimensions and continuous sleeping area of 200/ 195 x 210 cm, can be positioned extra-low for convenient access to the bed via pull-out access steps, large sitting height

Double floor with huge, heated storage compartment:

- Usable height up to 50 cm (Fiat) / 57 cm (Iveco)
- Exterior access via several large hatches
- Convenient interior access via large living area floor hatches
- Extra deep double floor exterior storage compartment (height 63 cm, width 110 cm) at driver and passenger sides
- Large, central through-loading space (interior height 36 cm (Fiat), 33 cm (Iveco)), with large double floor storage compartment (usable height 36 cm (Fiat), 33 cm (Iveco)), convenient loading also through the XL habitation door via a large, self-supporting living area floor hatches
- Entire double floor heated with climate storage function

Technology and self-sufficiency:

- Large fresh and waste water reserves (210 l / 155 l)
- Central water drain in double floor (entrance area)
- Alde warm water heating technology with heat booster in driver's cabin
- Real warm water underfloor heating in round rear lounge seating area

Base vehicle

- Carthago Full-LED headlights (dipped and main beam) including LED daytime driving light
- Fog light
- Fuel tank capacity 90 l
- 16-inch steel wheels

Fiat Ducato with AL-KO low frame Carthago special

- Engine: 2.2 l diesel Multijet 3 with Adblue (19 l), 180 HP / 132 kW, 4 cylinders, 380 Nm, Euro 6d Final, 6-speed gearbox, front-wheel drive
- Model 53: Fiat Ducato AL-KO low frame single axle, model 53 L: Fiat Ducato AL-KO low frame double axle
- Reinforced spring on the front axle with increased axle load up to 2.3 t
- Start / Stop system
- Side wind assistant (model 53), cruise control, ABS, ESP, ASR, electric immobiliser, Hillholder, Hill Descent Control, Traction Plus, trailer stability control, collision braking system⁶⁵
- Driver/passenger airbag¹¹
- Manual air conditioning system
- Glove compartment
- Wheel trim with Carthago lettering
- Mud flaps on front and rear axle
- Fix & Go repair kit

Iveco Daily

- Engine: HPI Diesel 3.0 l with AdBlue (20 l), 156 HP / 115 kW, Euro VI E, 6-speed gearbox, rear-wheel drive
- Model 53: Iveco Daily 5.6 t (permissible gross weight standard 5.6 t / optionally 5.8 t)
- Model: 53 L: Iveco Daily 6.7 t (permissible gross weight as standard 6.7 t)
- High frame with dual wheels on rear axle
- Front axle with individual wheel suspension and torsion bar suspension, double wishbone and increased axle load capacity, rigid rear axle with parabolic suspension
- ESP, ABS, electric immobiliser, ASR, Hillholder
- Cruise control
- Assistance display (central TFT cluster)
- Towbar preparation (cut-out in GRP rear with electrical wiring)
- Spare wheel with holder beneath garage floor
- Heavy-duty rollers at the rear

Liner premium-class body construction

- 10-year water ingress guarantee
- Wood-free bodywork with GRP roof and floor covering
- Roof/wall connection via curved roof and frame member
- Roof system rails at side with rainwater deflection function
- Side and rear walls with aluminium on the interior and exterior
- RTM hard foam insulating core in roof, floor and side wall
- Floor to side wall connection using aluminium frame member bonded over its entire surface with additional cold stop
- Total wall and roof thickness, 38 mm
- Body with lightning strike protection / Faraday cage
- Exterior hatches made from the original side wall material "Carthago Isoplus"
- Internal/external flap seal, outer seal as water spray protection
- Exterior hatches and habitation door with internal hinges
- Fuel tank flap flush-mounted into side wall
- Segmented side skirts made from aluminium profile (Fiat)
- GRP bus rear with double-shell insulation, separate rear bumper
- Carthago rear lights with dynamic LED indicators
- Seitz de Luxe habitation window, thermal bridge-free double frame with insulated glazing and flat outer window surface, insect screen roller blind and pleated blackout blind
- LED exterior light above habitation door with rain deflector
- Electrically extending habitation door entrance step with warning buzzer

Driver's cabin

- Dashboard sloping steeply towards the front (view of road surface in Fiat after 2.77 m)
- Extra-high panoramic windscreen with increased depth
- "Exclusive" designer front mask above windscreen with black panel
- "Liner" engine hood design – visual windscreen extension
- Pleated windscreen blind with insulating honeycomb structure
- Pleated blackout blinds behind rear side windows (operated from the side)
- Mirror arm extension with rain deflection function (Iveco Daily)
- Front mask in GRP, with double-shell insulation
- Driver's cabin door with security double locking, electric windows, rain gutter
- Bus windscreen wiper system with wipers moving in opposing directions (Iveco)
- Soundproofing measures for engine compartment
- Aguti "Roadliner" driver and passenger comfort seats with Carthago label, in same material as living area, padded armrests
- Dashboard with leather-covered moulded part, practical sideboard and preparation for integrated reversing camera monitor and drinks bottle holder
- Leather-covered bottom panelling for drop-down bed including sun visors, with indirect lighting and LED spotlights
- Sideboard at the passenger side with two heating convectors and storage compartment above

Driver's cabin thermal concept

- Insulating double glazing in driver's cabin: Side and door windows
- Convector package with 2-speed fan (booster) beneath driver's seat
- Dashboard surface targeted heating for additional heating of the driver's cabin (surface heating effect): Integrated heating convectors with circulation baffle plate (double convectors at driver and passenger sides)
- Driver's cabin door entrance: targeted heating with additional convector

Double floor

- Usable height up to 50 cm (Fiat) or 57 cm (Iveco)
- Outside access via several large hatches
- Interior access via large living area floor hatches
- Central through-loading space (interior height 36 cm (Fiat) or 33 cm (Iveco)) with large double floor storage compartment (usable height 36 cm (Fiat) or 33 cm (Iveco))
- Through-loading storage compartment with lighting and heating
- Double floor floor hatch in changing room area (36 cm usable depth) for convenient unloading of double floor storage compartment

Large scooter garage

- Model 53: Pedelec scooter garage (Fiat model including wheel lowering at passenger side), interior height 114 cm (= maximum handlebar height for Pedelec / scooter at passenger side), garage height outside of wheel recesses 93.5 cm (Fiat) or 105.5 cm (Iveco)
- Model 53 L: Extra-large scooter garage, interior height up to 128 cm (Fiat) or 145 cm (Iveco)
- Scooter garage load capacity up to 450 kg (model 53 Fiat: 350 kg)
- Large garage hatches at the driver and passenger sides, with gas pressure rods
- Garage floor with GRP on top and bottom, anti-slip coating
- With all-round frostproof insulation and heating
- Lashing system via aluminium frame member, including eight lashing eyes
- Outdoor shower in scooter garage at passenger side (warm / cold)

Interior

- Siena bicolor world of style: Summer chestnut furniture decor with overhead cabinet doors with bicolor look in high-gloss ivory
- Overhead cabinet and kitchen fronts in Yacht One design, high gloss ivory

Living area

- Inside of walls and roof with microfibre climate-regulating wall covering
- Heki III panoramic skylight above round lounge seating area
- Three large panoramic windows in round lounge seating area
- Luxury living area table, movable in two directions (via foot pedal)
- Seat padding with multilayer premium foam core and back support function
- "Durafix" double connecting technology: Furniture section screwed together and mortised
- Hatch closers with soft closing mechanism
- Roman blind system, vertically adjustable and attachable to living area window
- Model 53 L: Additional storage area behind round lounge seating area, including access to additional storage compartment via two storage flaps, two illuminated glass display cases for six wine glasses and six drinking glasses behind round lounge seating area, including pull-out wine cabinet
- Exclusive living area sideboard with two drawers and large cabinet door

Kitchen

- Raised kitchen work surface with vertical waveform for visual room partitioning with a large storage cabinet and sliding door running in the opposite direction
- Kitchen work surface in "Savannah" décor with Corian drip edge
- Work surface lit from underneath with LED light strip
- "Easy glide" roller-mounted kitchen drawers, with soft closing mechanism
- Two separate waste bins integrated in kitchen worktop
- Electric central locking in the kitchen area including kitchen worktop, kitchen drawers and kitchen overhead storage cabinets
- Separate drawer for cutlery with organiser, bottle holder
- "Profi Gourmet" 3-ring hob with glass cover, robust cast iron trivet and easy-clean glass shelf
- Round stainless steel sink embedded in work surface with multifunctional sink cover including wall holder for increasing size of work surface
- Designer mixer tap in metal with pull-out spray head
- Kitchen rear wall in cream decorative glass
- Large fridge with door opening at both sides, separate freezer compartment, automatic energy source finder 12 V / 230 V / gas operation
- Slide out storage cabinet, can be pulled out
- Electric roof hood fan

Washroom & changing room

Changing room & room partitioning

- Changing room incl. Mini-Heki skylight with sliding door made from solid wood in front of the driver's cabin - luxury washroom door as room partition from living/kitchen area
- Clothes cabinet with three drawers
- Floor-to-ceiling wardrobe with two clothes rails and shelf integrated in the changing room

Luxury washroom with separate shower room

- Waterproof shower insert in same design as living area floor
- Rain shower with roof light, standing height 1.98 m
- Shower tray and shower corner pillar in dark granite look, shower walls with marble design incl. clothes hooks
- Shower head height-adjustable on chrome rail
- Wash stand base unit with toilet roll holder, mirrored storage cabinet

Sleeping

Electrically operated drop-down single bed above driver's cabin area

- Carawinx medically recommended point elastic sleeping system, heated and ventilated with 7-zone quality cold foam mattress
- Extra-deep lowering of bed with wobble-free support: Access via access steps which can be pulled out at side with extra-high headroom
- Open bookshelf beneath drop-down bed including LED lighting
- Continuous sleeping area with sleeping lengths of up to 200 cm, width 210 cm
- Sliding door beneath drop-down bed for insulation against cold from driver's cabin
- Side windows on driver and passenger side in driver's cabin
- Mini-Heki skylight

On-board equipment

Water

- Fresh water and waste water tank in heated double floor, cleaning opening via living area floor hatches or scooter garage (depending on model)
- Ball type drain valve positioned in the double floor protected from frost (central water drain)
- Low-maintenance water pressure pump system
- Waste water hose set with bayonet connection

Gas

- External gas bottle compartment in low position
- Holds 2 x 11 kg gas bottles
- Gas isolation taps in kitchen area

Electrical system

- Easily accessible electrical centre in scooter garage, including charger / fuses / fuse protection, 22 A automatic charger, electric control, automatic switch-off when voltage too low, including starter battery charging function
- Heated battery centre, with 2 x 80 Ah gel batteries, in double floor, access via double floor storage compartment at passenger side, with main power switch
- Multifunctional panel behind technical panel above habitation door
- 230 V socket in seating area (model 53: 1 x, model 53 L: 2 x), entrance area, kitchen, washroom, scooter garage
- 12 V socket in driver's cabin (Fiat: 2 x, Iveco: 1 x), Scooter garage
- USB socket in driver's cabin (Fiat: 2 x, Iveco: 3 x), seating area 2 x (model 53 L), sleeping area

Innovative light concept

- Lighting system with numerous LED spotlights in driver's cabin, kitchen, living area and changing room with infinitely variable dimming
- LED spotlights in living area above round lounge seating area
- Ceiling canopy with additional LED spotlights and indirect LED lighting
- LED spot light with background lighting in the entrance area
- LED mood light with backlighting in round washroom wall
- Night lighting in floor with LED spotlights, switchable from entrance and seating area

TV

- Connection wiring for 40" LED flat screen in round lounge seating area

Alde warm water heating technology

- Alde warm water heating, operates from 230 V electricity or gas, including 230 V heating cartridge, hot water boiler, bleeding valves, numerous convector heaters in the driver's cabin, dashboard, living area, double floor and scooter garage
- Underfloor heating effect due to heated climate storage double floor
- Additive warm water underfloor heating: Additional heating coils in double floor area of round lounge seating area
- Dashboard with targeted heating for additional heating of the driver's cabin: Insulated sandwich area beneath dashboard with warm water heating coils for surface heating
- Booster: Convector package with 2-speed fan underneath driver's seat, additional convector in the entry doorway

! We recommend that you consult your dealer about the price which applies at the point in time when the contract is concluded! ¹⁰⁵⁾

Hints and additional equipment information

Service camera at waste water tank drain pipe

The driver can steer the vehicle directly over the waste water shaft using a service camera attached to the underside of the vehicle without the driver or the passenger leaving the vehicle. This provides safe, clean and above all easy emptying of the waste water / grey water.

The procedure can be followed on a central display on the double-DIN monitor of the radio or via the reversing camera monitor.

Dometic Waeco - reversing camera with double lens and shutter on the rear panel

A compact colour double camera with CMOS image sensor provides an optimum view and reverse view whilst driving, and has a series of practical characteristics for everyday in the premium class motorhome. Includes 140° diagonal viewing angle for reversing camera and a viewing angle of 46° for the long-distance viewing camera, for example. This model also has a motorised protection flap, an extended temperature range of -30 °C to 70 °C and a separate LED window (no dazzling at night-time). The display of distance markers (3 lines) on the monitor and the microphone integrated in the camera also help when reversing.

Truma Aventa Comfort - powerful roof-mounted air conditioning system with integrated heat pump

The Aventa comfort roof-mounted air conditioning system combines two powerful and efficient devices:

A convenient air conditioning system which powerfully cools and dehumidifies the interior on hot days, and also a heating system with which the Truma Aventa Comfort can also act as a source of heat during the transitional period. Heating operation via a heat pump saves a considerable amount of energy. The air distributor can be set individually, and distributes the air evenly in the interior without draughts. The following are worth a special mention:

- the powerful cooling and extremely high air capacity with 2400 W
- the sleep function for quiet cooling
- the practical timer function

Carthago full LED front headlights

The full LED headlights installed as standard in the chic c-line, chic e-line, chic s-plus and liner-for-two model series are also optionally available for the c-tourer. The innovation comes with considerable advantages: Their light colour is approximately equivalent to daylight, and puts less strain on the eyes than other lighting systems. Also, the service life of LED lights is about the same as that of the vehicle – laborious lamp changes are therefore a thing of the past. At the same time, the power consumption is very low and the light output remains almost constant over the entire service life, which is a real safety factor.

The full LED headlights which were exclusively developed with Carthago use the latest LED technology with even brighter illumination of the road surface and the kerb. The basis for this are computer-designed headlight lenses. The Carthago headlights integrate the dipped beam, the main beam, the daytime driving lights and the position lights, and also the indicators.

Thetford pumping system with septic tank and toilet cassette

You have absolute flexibility and self-sufficiency on your travels with the pumping system with separate septic tank with a capacity of 120 l to 200 l (depending on the model) and a 13 l toilet cassette. With a simple push of a button you operate a powerful pump which transports the waste out of the toilet cassette into the bigger septic tank. The pump uses the grey water from your tank to do this.

You decide whether to dispose of the toilet cassette directly on site or simply pump the faeces into the provided tank.

Maximum self-sufficiency by means of large septic tank volume. Up to 10 days on the road without a disposal station is therefore no problem at all (depending on the model).

Hints and additional equipment information

Patented Pedelec scooter garage, loading height extension up to 124 cm in conjunction with push-in and transport system

Two advantages in one with Carthago queen-size bed models:

1. Large Pedelec scooter garage with low, conveniently accessible queen-size bed in rear
2. Loading height extension

The solution: Because the bottom edge of the bed can be swivelled upwards and there is a recess in the floor, bikes with a handlebar height of 124 cm can be transported. The push-in and transport system makes loading child's play. With the additional cover panel, the Pedelec scooter garage can also be used as a level garage floor.

Carthago Security alarm system with ultrasonic sensors and gas warner

The Carthago security alarm system offers the best possible protection against break-ins: It contains interior monitoring using ultrasonic sensors and a switch for activation and deactivation. The scooter garage (at the driver and passenger sides), the driver's door, the habitation door and the storage compartment hatches (at the driver and passenger side) are monitored using reed contacts. The bonnet is monitored by a door contact switch. The siren, which can be triggered using a handheld transmitter in the event of an alarm or a panic alarm, contains an emergency power supply. Propane, butane and anaesthetic gas are also reliably detected using a gas and auxiliary sensor. Other functions are the actuation of the vehicle's own central locking and a 1-way immobiliser. The alarm system is activated and deactivated using the remote control.

"Carawinx" medically approved point elastic sleeping system with quality mattress

Following the invention of the sprung slatted frame, the "Carawinx" system is the second revolution in the world of sleeping comfort. The intelligent interaction between the spring elements, the stable crossbar and the supports form the basis for unbeatable lying comfort. The supports are designed to adapt to the shape of the body in all directions because of their flexibility. Because of the large number of support points, the entire body is ergonomically positioned and the strain on the spine is relieved in a pleasant way. In combination with the high-quality 7-zone quality cold foam mattress, which has excellent comfort characteristics, it is as though the bed is "automatically" adapted to the resting body.

Truma DuoControl CS with crash sensor, automatic changeover and de-icing function

The Truma DuoControl CS is a safety gas pressure regulator with a crash sensor for two gas bottles. If the operating bottle is empty, the system automatically switches to the reserve bottle. Thanks to the integrated crash sensor, the DuoControl CS is optimal for safe operation of gas-powered devices while driving. In the event of an accident, the crash sensor even reacts at slow collision speeds of 15 to 20 km/h. for example. The gas supply is interrupted immediately before damage to the lines and devices can occur. This means: relaxed arrival, a feeling of well-being and safety for all.

Alde heat exchanger

The cooling system of the vehicle engine can be used to heat the living area with the heat exchanger in conjunction with the Alde central heating system. In order to do this, all you need to do is set the required room temperature on the room thermostat and start the circulation pump of the heating system.

The heating can also operate in the reverse direction using the circulation pump of the base vehicle. In this case, the habitation heating acts as engine pre-heating, whereby the central heating system heats the cooling system of the vehicle engine.

- The price information shown includes the legally applicable rate of VAT of 19 % and excludes shipping and transport costs
- Some vehicles are shown with special features which are available at extra cost
- Some special features can not be installed in all layouts. Your Carthago dealer will be pleased to inform you about installation and technical details regarding the model you choose
- This information is subject to price, design and equipment modifications and also errors. The details relating to scope of supply, appearance and performance comply with the status at the time of printing
- If our suppliers change product designations during the season, we reserve the right to deliver a part type of equivalent value
- Price, dimensions and weights subject to change. The current rate of VAT at the time of delivery shall be valid. All prices are non-binding recommended prices ex works. In the case of price adjustments by sub-contractors or base vehicle manufacturers, the prices will be modified accordingly
- Weight information is approximate. Deviations in weight of up to 5 % are possible and permitted
- Mattress sizes can differ from the specified bed dimensions
- Special features always increase the empty weight and reduce the remaining load capacity
- The installation of optional extras can result in loss of storage space
- Prices for optional extras apply to ex works installation (not retrofitting). These extras must be ordered in good time before the vehicle goes into production! Information about this can be obtained from your Carthago dealer directly
- The option of mounting solar energy and satellite systems depends on the occupation of the roof area
- Any change of the condition of your vehicle as it left the factory can negatively affect driving quality and road worthiness
- Any structural alteration to the vehicle renders liability claims void. The same applies if the customer makes changes to the paintwork / colour of body components
- Deviations from the textures and colours in the illustrations are permitted in as far as they are due to the nature of the materials used and/or are usual in the trade. The same applies to technical changes to the vehicle as long as the overall product quality remains the same or is improved, and the intended use is not affected
- It is possible that inferior-quality clothing can leave marks on the seat covers. This means that the seat covers are discoloured or the dye from the fabrics rubs off. We do not accept any liability for this kind of discolouration
- We recommend always using Carthago extras and having them installed in our factory. We do not accept any liability for damage caused by products not approved by Carthago or by non-permitted alterations. This applies in particular to the installation of parts by workshops not authorised by Carthago. For this reason, please always have all repairs and retrofits carried out by authorised Carthago dealers, and insist on original Carthago accessories
- The water supply system complies with the state of the art in accordance with DIN 2001-2

Footnote

- 1) Total vehicle length is the measurement between the front skirt and the rear end.
- 2) Total vehicle width corresponds to the measurement from outer wall to outer wall (wheel arches at the side, approx.: + 100 mm).
- 3) Height changes depending on installation of certain optional accessories. The vehicle height with the Fiat chassis light / heavy / double axle can differ by 50 mm.
- 4) With optional 5th seat, there is no living area window at the passenger side (not XL Models).
- 5) The number of people quoted depends on the weight and the axle load capacity. It can be reduced with the installation of extras and special features. The specified quantity relates to a vehicle weight in the series production configuration, and specifies the maximum number of persons that can be seated during travel. Depending on the model, this can only be achieved with a weight increase. The technically permitted total weight and the axle load capacities must not be exceeded. For optional 5th seat: Double floor through-loading storage compartment slightly reduced. Upholstery not in same fabric as living area.
- 6) The payload is fundamentally dependent on the weight in the ready-to-travel condition. It is reduced by the installation of extras/special features. It also requires a corresponding load distribution depending on the load capacity of the axles.
- 7) The weight in a roadworthy condition is determined by the implementing ordinance (EU) no. 2021/535 incl. basic equipment (driver 75 kg, 90 % fuel, 20 l (from e-line: 50 l) fresh water, 1 aluminium gas bottle and electrical connecting cables) in the standard configuration. The weight in roadworthy condition changes due to the installation of accessories and special equipment.
- 8) The unladen weight specifies the vehicle weight with standard equipment, without driver, fuel, fresh water, gas bottle and electrical connecting cables.
- 9) Weight deviations in weight of up to 5 % are possible and permitted.
- 10) The maximum towed load depends on the total towed weight of the vehicle. The towed load reduces to 1,800 kg with the Fiat Ducato f40 heavy. The trailer load basically depends on the total towing weight: Fiat Ducato AL-KO 6,000 kg, Mercedes-Benz Sprinter AL-KO 5,880 kg. Fiat Ducato f40 heavy option, including 16 inch steel wheels.
- 11) Child seats with restraint systems must not be installed on the passenger seat.
- 12) Mounting capability depends on the roof area occupancy. The height of the habitation changes by 130 mm with the optional satellite system and roof-mounted air conditioning system.
- 13) Full pneumatic suspension at rear axle with raise / lower function. Lowering the rear axle pneumatic suspension when the rear supports are extended can damage the vehicle undercarriage.
- 14) The standard roof-mounted fan in the kitchen area is omitted from the chic c-line model range if the roof-mounted air conditioning option is selected.
- 15) In combination with optional 5th seat with 3-point seat belt in models with side bench on passenger side, in chic e-line: Living area window above side bench omitted (not omitted with XL models).
- 16) Thetford manufacturer advice: for correct breakdown of waste and operation of the waste pump system, it is important to use Thetford sanitary additives and Aqua Soft toilet paper. The SOG toilet ventilation, "ventilation via roof chimney", is omitted if the pumping system option is selected. Toilet ventilation takes place via the bottom valve of the cassette on the underfloor of the vehicle. Thetford toilet option with pumping system and septic tank not possible in conjunction with ceramic fixed tank toilet option.
- 17) Central locking can be operated via the radio transmitter in the ignition key. "Coming home" function: Activation of the awning light/driver's cabin door lighting via the remote control in the main key, with automatic switch-off delay.
- 18) Designer bar cabinet with holder for three Carthago wine and long drink glasses.
- 19) Pioneer media centre with touch screen in driver's cabin, wireless Apple CarPlay / Android Auto, Bluetooth, USB interface for connecting portable devices. not possible in conjunction with Mercedes-Benz chassis.
- 20) Full pneumatic suspension with automatic levelling. The overall height of the vehicle increases by 30 mm.
- 21) Roof surfaces finished in white GRP to prevent adverse thermal effects. The surface of the GRP is not of the same quality as a painted exterior panel. Slight colour differences possible in paintwork between driver's cabin and habitation.
- 22) Omission of Mini-Heki skylight in kitchen area.
- 23) If a satellite system and an additional LED flat screen in the sleeping area is selected, only the satellite system with TWIN can be ordered (for two TV devices).
- 24) Rear axle wheel trims visually match the front axle alloy wheels.
- 25) Additional TV connection option not possible in conjunction with option 710470 24" LED flat screen, since this is already included.
- 26) Carthago world of sleeping & deco set consisting of one or three decorative cushions (model-dependent), a Jacquard bed throw with woven-in Carthago logo and a fitted sheet set to match the respective model.
- 27) Note for XL models: Three-piece seat padding, cannot be pulled out.
- 28) Weight increase from 4,500 kg to 4,800 kg (AL-KO Air Premium X2, four special alloy wheels with increased load). The axle loads are: front axle 2,250 kg / rear axle 2,700 kg. Weight increase from 4,500 kg to 4,800 kg not possible in conjunction with 16-inch alloy wheels option.
- 29) Weight increase from 4,500 kg to 4,800 kg (AL-KO Air Premium X4, four special alloy wheels with increased load). The axle loads are: Front axle 2,300 kg / rear axle 2,700 kg. Weight increase from 4,500 kg to 4,800 kg not possible in conjunction with 16-inch alloy wheels option.
- 30) The axle loads are: front axle 2,300 kg / rear axle 2 x 1,600 kg.

- 31) Chassis version 6.7 t is equipped with a reinforced frame, weight increase to 6.7 t permissible gross weight.
- 32) The rear axle load increases to 2,500 kg if 16 inch alloy wheels are selected.
- 33) In the event of unfavourable conditions, manual readjustment of the air conditioning system may be necessary.
- 34) Legally required mandatory option with chassis version 6.7 t.
- 35) Option Carthago Security alarm system, including ultrasonic sensors in living area, door and scooter garage contact switch, panic alarm function, indicator activation and gas sensor for anaesthetic, propane and butane gas. The legal recognition of the alarm system by insurance companies is regulated differently depending on the country and cannot be guaranteed by the manufacturer.
- 36) Incl. connection set: Coaxial cable, antenna socket, 12 V socket.
- 37) No drawers in the kitchen base cabinet (quantity depends on the model). Dimensions of oven in kitchen block (in mm): Height 445 x Width 445 x Depth 490. Not possible in conjunction with the Tec-Tower option.
- 39) TV with DVB-T2 tuner receiver (incl. USB, HDMI, Full HD). Televisions changing to Smart TV from Q1 2023.
- 40) The fixed gas tank and hydraulic supporting jack system options cannot be ordered together - with the exception of models s-plus 61 XL LE, 64 XL QB.
- 41) The top speed is limited to 110 km/h (68 mph) by the ESP safety feature.
- 42) With the Pedelec scooter garage option, the waste water tank volume in c-tourer/ chic c-line vehicles changes to 110 litres and the fresh water volume to 160 l, reduction of scooter garage load capacity by 100 kg. Not possible in conjunction with aluminium chequered floor for scooter garage.
- 43) Note: an inverter is required for use in own on-board power supply (without mains electricity).
- 45) Position: Lounge seating area (230 V, USB), sleeping area rear overhead compartment (230 V, USB), scooter garage (230 V).
- 46) The standard double floor exterior storage compartment behind the habitation door is omitted if this option is selected (does not affect XL models).
- 47) The charge booster is incorporated between the alternator and the starter and also the habitation battery, and ensures that the alternator generates power during travel until the batteries are charged.
- 48) With option HY4 hydraulic supporting jack system (Fiat: HY 4, Iveco: E&P), the mechanical supporting jacks are omitted. Hydraulic supporting jack system with automatic levelling option.
- 49) Optional weight increase incl. "ACS" High Performance front axle spring strut.
- 51) Multimedia system (Mercedes-Benz: 10.2" display; Fiat: 10.1" display), Bluetooth connectivity with audio streaming and hands-free function, Smartphone integration via Android Auto or Apple CarPlay, USB interface for connecting portable devices. Mercedes-Benz: Vehicle weights and vehicle dimensions cannot be stored separately in the navigation system.
- 52) The specified fresh water volume already includes the volume of the boiler.
- 53) With the Sky Dream Comfort option, the ship's instruments set is integrated in the driver's cabin overhead storage cabinet.
- 54) The supplied roof antenna in the Mercedes-Benz variant also contains a GPS function.
- 55) The optional lithium ion batteries replace the standard gel battery/batteries. The battery status display can be accessed via a free app and touch display with 18 A automatic charger.
- 56) When choosing the driver's assistance package, the required radar sensor is integrated in the radiator grille.
- 57) Reinforced front axle spring for optimised ride comfort not possible in conjunction with AL-KO "ACS" High Performance front axle spring strut
- 59) Double floor storage space pull-out system option including four transport boxes. Not possible in conjunction with optional 5th seat (in models 50 LE, 51 QB. Possible in models 61 XL LE, 64 XL QB, but there is a risk of collision if they are used at the same time).
- 61) Ceramic fixed tank toilet option not possible in conjunction with Thetford toilet option with pumping system and septic tank. Cleaning spray nozzle with Gardena connection (attention: double floor storage compartment restriction).
- 62) Driver's cabin heated seats option (driver / passenger seat) 2 settings.
- 63) Truma Combi 6E option not possible in conjunction with Alde warm water heating option.
- 64) Designer bar cabinet with holder for two Carthago wine glasses and two Carthago long drink glasses.
- 65) The collision braking system automatically triggers braking in the event of a collision in order to prevent or lessen the effects of a possible secondary collision.
- 66) Aluminium chequered floor option not possible in conjunction with Pedelec scooter garage.
- 67) 4-cylinder engine with 2.2 litre engine, 140 HP: 350 / 380 Nm, 180 PS engine: 380 / 450 Nm.
- 68) 9G automatic torque converter transmission with Fiat Ducato f35 only possible in conjunction with 16 inch steel wheels or 16 inch alloy wheels option.
- 69) The foot pedal for adjusting the table is omitted in the option with the lounge seating area with a lowerable table top which can be converted into a sleeping berth. The lever for adjusting the table is beneath the table top in this variant.
- 70) Iveco 21 engine option: 3.0 l Euro VI, 4 cylinder, 207 HP / 152 kW, 470 Nm, incl. 8-speed automatic torque converter transmission.
- 71) Push-in and transport system option for 2 Pedelecs/E-bikes only in conjunction with Pedelec scooter garage.
- 73) Truma DuoControl CS with crash sensor, automatic changeover and de-icing function option.
- 74) chic e-line tank volume: 13 l cassette plus 110 l septic tank.
chic s-plus tank volume: Cassette 13 l plus 112 l septic tank. Liner-for-two tank volume: 13 l cassette plus 60 l septic tank.
- 75) Tec-Tower fridge combination 153 l option, with door opening at both sides, separate freezer compartment and gas oven. Not possible in conjunction with gas oven in kitchen base unit option.
- 76) "Sky Dream comfort" option with surrounding overhead storage cabinets above lounge seating area and driver's cabin, two large panoramic skylights integrated in the suspended designer roof liner with indirect ambient lighting instead of drop-down bed.
- 77) casablanca world of style: Noble Cherry furniture decor with overhead cabinet doors in high gloss ivory.
- 78) linea progressiva world of style: Golden acacia furniture decor in bicolor look with overhead cabinet doors in high-gloss ivory, overhead cabinet underside in matt pearl white.
- 79) linea nobile world of style: Furniture decor and overhead cabinet fronts in Noce Fino, kitchen fronts with high gloss ivory and lotus white bicolor look.
- 80) Radio/moniceiver option with touch screen in driver's cabin, Bluetooth and USB interface for connecting portable devices.
- 81) Radio with DAB+ with CD, music control via USB, App Connect, incl. wiring for radio in living area round rear lounge seating area above sideboard (with automatic changeover to habitation battery).
- 82) Reversing camera system with single lens and 7" colour monitor integrated at side in dashboard.
- 83) Reversing camera system, double lens and shutter on rear wall incl. 7" colour monitor at side of dashboard.
- 84) Option 40" LED flat screen incl. electric pull-out system only possible in conjunction with radio in round lounge seating area.
- 85) Service camera at waste water tank drain pipe with display via double-DIN or monitor in dashboard.
- 86) 24" LED flat screen incl. TV bracket, speakers and integrated contact switch wirelessly integrated in television wall for sleeping area (only in conjunction with connecting set)
- 87) 24" LED flat screen in sleeping area, integrated into the furniture design (only in sleeping area TV package)
- 88) Speakers in driver's cabin (2x) and lounge seating area (2x, liner-for-two: 4x), DVB-T2 reception.
- 89) Option with single light modules. Not comparable with the Carthago full LED front headlights.
- 91) Additive warm water underfloor heating option: additional heating coils in double floor area of lounge seating area. Also in driver's cabin in chic s-plus.
- 92) Thetford C 260 toilet with ceramic insert and 3-stage filling level display option.
- 93) Because of the maximum front axle load of 2.1 t, the maximum number of seats is 3.
- 94) 3rd gel battery option, total: 3 x 80 Ah with chargers 2 x 16 A = 32 A.
- 95) It is recommended to order the gas filter in conjunction with the Truma DuoControl CS option, since the manufacturer of the Truma DuoControl invalidates the warranty if the gas pressure regulator and valves become defective or damaged because of oil or other foreign materials in the liquid gas.
- 96) The cup set consists of two coffee cups and two espresso cups.
- 98) Central locking not for gas bottle hatch and toilet hatch.
- 99) 4-cylinder engine with 2.0 l, max. 400 Nm.
- 101) The luxury living area table is smaller if the round lounge seating area which can be converted into a sleeping berth option is selected.
- 103) Kitchen / coffee package or voltage converter option with c-compactline/ c-tourer only possible in conjunction with an additional battery (gel / lithium).
- 104) Digital instrument cluster with colour display in dashboard for optimum networking with the Fiat 10.1" multimedia system for displaying 3D navigation maps and driver assistance systems.
- 105) The prices are recommended retail prices. Because of the cost and price developments on the procurement markets, which are extremely volatile and can therefore not be calculated over the long term, the right is reserved to adjust our prices to our dealers and also make an appropriate price adjustment to our recommended retail prices. Of course, we endeavour to pass on appropriate pricing to the market at all times. You are advised to consult your dealer about the price that applies at the point in time when the contract is concluded.

Notes concerning the details in this price list: All previous price list become invalid when this price list appears. Changes may occur during the model year after the editorial deadline of this printed document in July 2022. The manufacturer reserves the right to make structural and design changes that become necessary, provided they are in the interest of technical progress and are reasonable for the customer, plus changes to equipment, differences in colour combinations or individual colour shades, material quality differences and changes to the scope of delivery on the part of the manufacturer. This also applies to colour differences on base vehicles, insofar as they are a result of changes made by the base vehicle manufacturer. Please consult your dealer for detailed advice concerning the status of the current product or series.

The information about the scope of delivery, appearance, performance, dimensions and weights of the vehicles (differences within the scope of the factory tolerances (+/- 5% max.) are possible and permissible) corresponds to the state of knowledge at the time of going to print. Please note that some of the vehicles are depicted with special equipment for which an additional charge applies. In some cases they are shown with equipment features that do not correspond to the series production version and are also not available as special equipment.

Prior written consent from Carthago Reisemobilbau GmbH is required for the reprinting of this publication or extracts thereof. The information in this publication is compliant with the German StVO and StVZO (road traffic and road traffic licensing regulations). No liability accepted for errors and/or misprints.
