

Round rear lounge seating area with electrically extendible TV lounge and unique 4-room concept

Living area concept:

- Round rear lounge seating area with electrically extendible TV lounge (optional), raised kitchen worktop with vertical wave-form and unique 4 room concept
- (Optional) 40" electrically extendible flat screen
- Integrated Pedelec / scooter garage beneath round lounge seating area with interior height of 114 cm (up to 145 cm in 53 L)
- Electrically lowerable lengthways single bed with spacious bed dimensions and continuous sleeping area of 200/ 195 x 210 cm, can be positioned extra-low for convenient access to the bed via pull-out access steps, large sitting height

Double floor with huge, heated storage compartment:

- Usable height up to 50 cm (Fiat) / 57 cm (Iveco)
- Exterior access via several large hatches
- Convenient interior access via large living area floor hatches
- Extra deep double floor exterior storage compartment (height 63 cm, width 110 cm) at driver and passenger sides
- Large, central through-loading space (interior height 36 cm (Fiat), 33 cm (Iveco)), with large double floor storage compartment (usable height 36 cm (Fiat), 33 cm (Iveco)), convenient loading also through the XL habitation door via a large, self-supporting living area floor hatches
- Entire double floor heated with climate storage function

Technology and self-sufficiency:

- Large fresh and waste water reserves (210 l / 155 l)
- Central water drain in double floor (entrance area)
- Alde warm water heating technology with heat booster in driver's cabin
- Real warm water underfloor heating in round rear lounge seating area

Base vehicle

- Carthago Full-LED headlights (dipped and main beam) including LED daytime driving light
- Fog light
- Fuel tank capacity 90 l
- 16-inch steel wheels

Fiat Ducato with AL-KO low frame Carthago special

- Engine: 2.2 l diesel Multijet 3 with AdBlue (19 l), 180 bhp / 132 kW,
- 4 cylinders, 380 Nm, Euro 6d Final, 9G torque converter transmission, front-wheel drive
- Model 53: Fiat Ducato AL-KO low frame single axle, model 53 L: Fiat Ducato AL-KO low frame double axle
- Reinforced spring on the front axle with increased axle load up to 2.3 t
- Start / Stop system
- Side wind assistant (model 53), cruise control, ABS, ESP, ASR, electric immobiliser, Hillholder, Hill Descent Control, Traction Plus, trailer stability control, collision braking system⁶⁵⁾
- Driver/passenger airbag¹¹⁾
- Manual air conditioning system
- Glove compartment
- Wheel trim with Carthago lettering
- Mud flaps on front and rear axle
- Fix & Go repair kit

Iveco Daily

- Engine: HPI Diesel 3.0 l with AdBlue (20 l), 156 HP / 115 kW, Euro VI E, 6-speed gearbox, rear-wheel drive
- Model 53: Iveco Daily 5.6 t (permissible gross weight standard 5.6 t / optionally 5.8 t)
- Model: 53 L: Iveco Daily 6.7 t (permissible gross weight as standard 6.7 t)
- High frame with dual wheels on rear axle
- Front axle with individual wheel suspension and torsion bar suspension, double wishbone and increased axle load capacity, rigid rear axle with parabolic suspension
- ESP, ABS, electric immobiliser, ASR, Hillholder
- Cruise control
- Assistance display (central TFT cluster)
- Towbar preparation (cut-out in GRP rear with electrical wiring)
- Spare wheel with holder beneath garage floor
- Heavy-duty rollers at the rear

Liner premium-class body construction

- 10-year water ingress guarantee
- Wood-free bodywork with GRP roof and floor covering
- Roof/wall connection via curved roof and frame member
- Roof system rails at side with rainwater deflection function
- Side and rear walls with aluminium on the interior and exterior
- RTM hard foam insulating core in roof, floor and side wall
- Floor to side wall connection using aluminium frame member bonded over its entire surface with additional cold stop
- Total wall and roof thickness, 38 mm
- Body with lightning strike protection / Faraday cage
- Exterior hatches made from the original side wall material "Carthago Isoplus"
- Internal/external flap seal, outer seal as water spray protection
- Exterior hatches and habitation door with internal hinges
- Fuel tank flap flush-mounted into side wall
- Segmented side skirts made from aluminium profile (Fiat)
- GRP bus rear with double-shell insulation, separate rear bumper
- Carthago rear lights with dynamic LED indicators
- Seitz de Luxe habitation window, thermal bridge-free double frame with insulated glazing and flat outer window surface, insect screen roller blind and pleated blackout blind
- LED exterior light above habitation door with rain deflector
- Electrically extending habitation door entrance step with warning buzzer

Driver's cabin

- Dashboard sloping steeply towards the front (view of road surface in Fiat after 2.77 m)
- Extra-high panoramic windscreen with increased depth
- "Exclusive" designer front mask above windscreen with black panel
- "Liner" engine hood design – visual windscreen extension
- Pleated windscreen blind with insulating honeycomb structure
- Pleated blackout blinds behind rear side windows (operated from the side)
- Mirror arm extension with rain deflection function (Iveco Daily)
- Front mask in GRP, with double-shell insulation
- Driver's cabin door with security double locking, electric windows, rain gutter
- Bus windscreen wiper system with wipers moving in opposing directions (Iveco)
- Soundproofing measures for engine compartment
- Aguti "Roadliner" driver and passenger comfort seats with Carthago label, in same material as living area, padded armrests
- Dashboard with leather-covered moulded part, practical sideboard and preparation for integrated reversing camera monitor and drinks bottle holder
- Leather-covered bottom panelling for drop-down bed including sun visors, with indirect lighting and LED spotlights
- Sideboard at the passenger side with two heating convectors and storage compartment above

Driver's cabin thermal concept

- Insulating double glazing in driver's cabin: Side and door windows
- Convector package with 2-speed fan (booster) beneath driver's seat
- Dashboard surface targeted heating for additional heating of the driver's cabin (surface heating effect): Integrated heating convectors with circulation baffle plate (double convectors at driver and passenger sides)
- Driver's cabin door entrance: targeted heating with additional convector

Double floor

- Usable height up to 50 cm (Fiat) or 57 cm (Iveco)
- Outside access via several large hatches
- Interior access via large living area floor hatches
- Central through-loading space (interior height 36 cm (Fiat) or 33 cm (Iveco)) with large double floor storage compartment (usable height 36 cm (Fiat) or 33 cm (Iveco))
- Through-loading storage compartment with lighting and heating
- Double floor floor hatch in changing room area (36 cm usable depth) for convenient unloading of double floor storage compartment

Large scooter garage

- Model 53: Pedelec scooter garage (Fiat model including wheel lowering at passenger side), interior height 114 cm (= maximum handlebar height for Pedelec / scooter at passenger side), garage height outside of wheel recesses 93.5 cm (Fiat) or 105.5 cm (Iveco)
- Model 53 L: Extra-large scooter garage, interior height up to 128 cm (Fiat) or 145 cm (Iveco)
- Scooter garage load capacity up to 450 kg (model 53 Fiat: 350 kg)
- Large garage hatches at the driver and passenger sides, with gas pressure rods
- Garage floor with GRP on top and bottom, anti-slip coating
- With all-round frostproof insulation and heating
- Lashing system via aluminium frame member, including eight lashing eyes
- Outdoor shower in scooter garage at passenger side (warm / cold)

Interior

- Siena bicolor world of style: Summer chestnut furniture decor with overhead cabinet doors with bicolor look in high-gloss ivory
- Overhead cabinet and kitchen fronts in Yacht One design, high gloss ivory

Living area

- Inside of walls and roof with microfibre climate-regulating wall covering
- Heki III panoramic skylight above round lounge seating area
- Three large panorama windows in round lounge seating area
- Luxury living area table, movable in two directions (via foot pedal)
- Seat padding with multilayer premium foam core and back support function
- "Durafix" double connecting technology: Furniture section screwed together and mortised
- Hatch closers with soft closing mechanism
- Roman blind system, vertically adjustable and attachable to living area window
- Model 53 L: Additional storage area behind round lounge seating area, including access to additional storage compartment via two storage flaps, two illuminated glass display cases for six wine glasses and six drinking glasses behind round lounge seating area, including pull-out wine cabinet
- Exclusive living area sideboard with two drawers and large cabinet door

Kitchen

- Raised kitchen work surface with vertical waveform for visual room partitioning with a large storage cabinet and sliding door running in the opposite direction
- Kitchen work surface in "Savannah" décor with Corian drip edge
- Work surface lit from underneath with LED light strip
- "Easy glide" roller-mounted kitchen drawers, with soft closing mechanism
- Two separate waste bins integrated in kitchen worktop
- Electric central locking in the kitchen area including kitchen worktop, kitchen drawers and kitchen overhead storage cabinets
- Separate drawer for cutlery with organiser, bottle holder
- "Profi Gourmet" 3-ring hob with glass cover, robust cast iron trivet and easy-clean glass shelf
- Round stainless steel sink embedded in work surface with multifunctional sink cover including wall holder for increasing size of work surface
- Designer mixer tap in metal with pull-out spray head
- Kitchen rear wall in cream decorative glass
- Large fridge with door opening at both sides, separate freezer compartment, automatic energy source finder 12 V / 230 V / gas operation
- Slide out storage cabinet, can be pulled out
- Electric roof hood fan

Washroom & changing room

Changing room & room partitioning

- Changing room incl. Mini-Heki skylight with sliding door made from solid wood in front of the driver's cabin - luxury washroom door as room partition from living/kitchen area
- Clothes cabinet with three drawers
- Floor-to-ceiling wardrobe with two clothes rails and shelf integrated in the changing room

Luxury washroom with separate shower room

- Waterproof shower insert in same design as living area floor
- Rain shower with roof light, standing height 1.98 m
- Shower tray and shower corner pillar in dark granite look, shower walls with marble design incl. clothes hooks
- Shower head height-adjustable on chrome rail
- Wash stand base unit with toilet roll holder, mirrored storage cabinet

Sleeping

Electrically operated drop-down single bed above driver's cabin area

- Carawinx medically recommended point elastic sleeping system, heated and ventilated with 7-zone quality cold foam mattress
- Extra-deep lowering of bed with wobble-free support: Access via access steps which can be pulled out at side with extra-high headroom
- Open bookshelf beneath drop-down bed including LED lighting
- Continuous sleeping area with sleeping lengths of up to 200 cm, width 210 cm
- Sliding door beneath drop-down bed for insulation against cold from driver's cabin
- Side windows on driver and passenger side in driver's cabin
- Mini-Heki skylight

On-board equipment

Water

- Fresh water and waste water tank in heated double floor, cleaning opening via living area floor hatches or scooter garage (depending on model)
- Ball type drain valve positioned in the double floor protected from frost (central water drain)
- Low-maintenance water pressure pump system
- Waste water hose set with bayonet connection

Gas

- External gas bottle compartment in low position
- Holds 2 x 11 kg gas bottles
- Gas isolation taps in kitchen area

Electrical system

- Easily accessible electrical centre in scooter garage, including charger / fuses / fuse protection, 22 A automatic charger, electric control, automatic switch-off when voltage too low, including starter battery charging function
- Heated battery centre, with 2 x 80 Ah gel batteries, in double floor, access via double floor storage compartment at passenger side, with main power switch
- Multifunctional panel behind technical panel above habitation door
- 230 V socket in seating area (model 53: 1 x, model 53 L: 2 x), entrance area, kitchen, washroom, scooter garage
- 12 V socket in driver's cabin (Fiat: 2 x, Iveco: 1 x), Scooter garage
- USB socket in driver's cabin (Fiat: 2 x, Iveco: 3 x), seating area 2 x (model 53 L), sleeping area

Innovative light concept

- Lighting system with numerous LED spotlights in driver's cabin, kitchen, living area and changing room with infinitely variable dimming
- LED spotlights in living area above round lounge seating area
- Ceiling canopy with additional LED spotlights and indirect LED lighting
- LED spot light with background lighting in the entrance area
- LED mood light with backlighting in round washroom wall
- Night lighting in floor with LED spotlights, switchable from entrance and seating area

TV

- Connection wiring for 40" LED flat screen in round lounge seating area

Alde warm water heating technology

- Alde warm water heating, operates from 230 V electricity or gas, including 230 V heating cartridge, hot water boiler, bleeding valves, numerous convector heaters in the driver's cabin, dashboard, living area, double floor and scooter garage
- Underfloor heating effect due to heated climate storage double floor
- Additive warm water underfloor heating: Additional heating coils in double floor area of round lounge seating area
- Dashboard with targeted heating for additional heating of the driver's cabin: Insulated sandwich area beneath dashboard with warm water heating coils for surface heating
- Booster: Convector package with 2-speed fan underneath driver's seat, additional convector in the entry doorway
